

HEALTHCARE EQUIPMENT LIBRARY

St. Philip's has an inventory of healthcare equipment available to those who need it, either temporarily or indefinitely. These items, which include wheelchairs, walkers, and commodes, have been donated by our parishioners and others in our community, and their generosity often extends to storing these items, when not in use, in their homes. If you need such an item, or have some equipment to donate, please call Michele Barkalow at (215) 919-8867, or by e-mail at chele@firstrays.com.
