

From St. Philip's Parish Life Committee:

October has been an amazing month as our groups are beginning to gather in person and provide opportunities for members to share life's experiences together all while sharing our love with Southport and our greater community.

During the past month the ECW hosted the highly successful Fall Festival and raised an all time record amount of money to support local charities and mission projects. Many thanks to everyone at St. Philip's for helping advertise, set up and take down the event, and most of all for donating crafts and baked goods.

The Odd Jobbers Ministry had a workday two weeks ago and they had 6 members of the Parish working mostly outside for about 3 hours. Our church members may often have needs for small household jobs. If so, please contact Clark Sizemore. His information is in the Parish directory.

Finally, looking ahead to November, we will celebrate All Saint's Sunday, a feast day in the Episcopal Church, on Sunday, November 7. Please plan to join us for the first post-pandemic coffee hour. Coffee, hot chocolate, water, and cookies will be available after both services either in the Labyrinth or in the Narthex closest to the new fellowship hall (weather dependent). The goal is to offer at least one coffee hour per month until we move into the new fellowship hall. If anyone would like to volunteer to assist, please contact Steve Moore via text, call, or email. stevenam70@gmail.com or 919.601.2765.

In peace,
Steve Moore
Chair, Parish Life Committee
