

FALL BASEBALL KEY DATES

Our league is more than just accumulating points— we use this time to play games and further develop players. Competitive and 16 up Wood Bat League players are put through the same training used to get college players ready for their season in the Corn Belt League. Check out the three training circuits on the back of this page: Hitting Circuits—Pitcher/Catcher Bullpens—Speed & Agility. All are included with your Fall Baseball experience.

SPEED & AGILITY TRAINING AT STRIKE ZONE

In the sport of baseball, power, speed and agility are essential characteristics for success. Players who possess these characteristics may be able to cover a larger portion of the field and react to specific situations while running on the base paths. We will conduct drills that are sports specific to the game of baseball and learn:

- Importance of speed/form running
- Acceleration and quick starts for baseball
