

Dear Coach,

Please use this All Star ballot so that you can keep track of potential players that you feel could compete in the end of the year All Star game. Please include your team color and age division in the space provided below. Included at the bottom of this sheet is a form for you to make your nominations for this season's All Star Team. We have broken the season up into weekly space, and we ask you to nominate 1-4 players from each week's opposing team, noting the color of the team you played that week, and include the positions of the players you nominate. We have also placed a space for you to nominate 1-4 players from your own team. After your last game, please return this form to The Strike Zone as soon as possible, so that we can select the All Star Team for each age division. Thank you for all your efforts this fall!

Yours in Baseball,

Joe Siwa

for The Strike Zone Staff
