SORTS OF SPOTS

Tzaraat is a main part of this parsha. It is a condition where the skin develops white spots. **Tzaraat** is commonly called leprosy, but that's a mistake. This is a disease brought upon by **Hashem** and usually for the sin of **Lashon Hora** (Speaking negatively about others). But it doesn't stop with the skin. It could even be found on clothing, houses and household items. This is to awaken a person so that they should examine their deeds and do **Teshuva** (repent). This is a spiritual disease and it takes a **Kohain**, not a doctor, to get a diagnosis & have it cured. There are 4 degrees of **Tzara'at**, each one is a spot of a different color!

1. White as snow= most severe: it's called **Baheret**.
2. **Sapachat Baheret**, is a milder case of the first. It is compared to the color of the plaster on the walls of the **Kodesh**.
3. Next is a darker white version, **S'ait**, which looks like clear white wool.
4. A milder version of **S'ait**, is **Sapachat S'ait**, which is an eggshell color. Anything darker is not **Tzara'at**.

"Quote of the Week"

"Whoever seeks wisdom should go south; whoever seeks wealth should head north. It's impossible to be in two places at once...But One who diminishes himself and becomes as naught, takes up no space and can thus go both north and south."

-Rav Dov Ber of Mezritch, aka The Maggid

DID YOU KNOW....

Did you know that the Kingdom of Yehuda was nearly conquered by a massive invasion by Ammon & Moav? The large nations, with the people of Seir, strategically invaded Yehuda south of Jerusalem and North of Chevron- dividing the Jewish armies. The righteous king Yehoshafat declared a fast, and prayed with all his might. Hashem answered him. Ammon and Moav- certain of their victory- decided to kill Seir before they could get any spoils. Meanwhile Yehoshafat, instructed by a prophet, went out to face the invaders. After Ammon & Moav killed Seir they turned on each other. When Yehoshafat's army arrived everyone was dead! The invaders forces were so numerous it took three days to collect all the spoils!

And did many miraculous things

Last Week:

I only have one sign of being Kosher, but I'm not
(technically) mentioned in this week's parsha. I
might ask you WHAT am I, but I'll give you a
hint and say WHY.
