Regarding the laws of animals. "This is what you shall not eat... the pig, for its hoof is split and is completely separated, but it does not chew its cud. It is unclean to you." (LEVITICUS 11:4-7)

## THE KOSHER KINGDOM

*Hashem* commands the *Bnai Yisrael* to be a holy people. How? By eating only Kosher animals, birds and fish. *Hashem* shows Moshe every species that will EVER exist so that he may teach the *Bnai Yisrael* which are kosher and which are not. The *Torah* mentions the two tell-tale signs of a kosher animal: 1. Split hooves 2. It chews its cud.

Certain animals chew their food, swallow it and then return the food to the mouth again for a second chewing. A kosher animal **MUST HAVE BOTH** kosher signs - don't be fooled by some animals that have only **ONE** sign and not the other.

- A camel chews its cud but does not have fully split hooves.
- A Badger chews its cud but does not have split hooves.
- A Rabbit chews its cud but does not have split hooves.
- A pig has split hooves but does not chew its cud.
- *Hashem* knows ALL His creatures.

Did you know that other than the ten animals listed in the *Torah* (*Devarim, Parshat Reeh 14,5*) as kosher, no other species has EVER been found? The same is true of the 'one sign' kind. Only the 4 animals listed here, have only 1 of the 2 kosher signs.

## “Quote of the Week”

*“The only thing worse than being blind is having sight but no vision.”*

-Helen Keller

## DID YOU KNOW....

Did you know that Moses did in fact get to go into Israel? Well, sort of. See there are several different "Israels" throughout

history. We'll just focus on two: The Torah's Israel and modern Israel. Israel in the Torah has very different borders than today's country. The Holy Land only extended to Kadesh Barnea (about 40 miles south of Be'er Sheva). But modern Israel contains much more of the Negev, going all the way down to Eilat. That area is where Moses and the Jews spent much of their 40 years wandering. So while Moses did never step foot in Biblical Israel, he was able to spend many years in land that would eventually become part of the future state of Israel. (To see maps of the Jews journeys through the wilderness with Moses and what the borders of Biblical Israel are, go to the teen Bet Midrash.)
