

Leslie Berlin - Retiring Board President (L) and Margaret Masters - Retiring Board Treasurer (R)

A Legacy of Leadership & Service...

In October, Cornerstone celebrated the leadership and service of two women who have served their term limit on Cornerstone's Board of Directors. Leslie Berlin and Margaret Masters served during a time when their leadership was most needed. Their leadership was instrumental in the rebuilding of Cornerstone's programs and a renewed emphasis on impacting the lives of economically disadvantaged children throughout the Tampa Bay area with nutritious food, early childhood education and connections to the hope found in Christ through the local church.

Leslie Berlin

Leslie served on Cornerstone's Board for six years, serving the last three as Board President. During her tenure as Board President, she implemented a Board governance model that now includes functioning committees that oversee the stewardship, programming and fundraising of the organization. In addition, Leslie was an active leader who was always present and working in the community to bring awareness of Cornerstone's mission and needs. Perhaps one of Leslie's greatest legacy was the transformation of Wonder Walk. The event has doubled the amount it raises since she began her involvement on the Board. No doubt, Leslie will continue to be one of Cornerstone and Wonder Walk's biggest cheerleaders as she continues to lead her Wesley Memorial UMC team who has raised the most funds for that event for many years. Leslie will continue as a committee member and an active volunteer. We are grateful for Leslie's service on our Board and her commitment to continue her involvement.

Margaret Masters

Margaret served on Cornerstone's Board for twelve years, serving the last six as Board Treasurer. During her tenure she also served as a liaison to United Methodist Women of which she was the South Central District President. Margaret has been instrumental in reconnecting United Methodist Women in meaningful ways to our ministry founded by their foremothers over 120 years ago. Margaret will continue to serve on Cornerstone's Program Committee and will continue to advocate for the children and families served by Cornerstone through United Methodist Women.

Thank You Leslie and Margaret for your service!
