*Suggestions for What to Say When Contacting Your New Jersey
State Senators to THANK Them for Their Opposition to the AHCA*

Dear Senator [INSERT NAME HERE],

My name is [INSERT YOUR NAME]. I live in your District and I am a registered Voter. I would like to thank you for your pledge to oppose the AHCA in its current form. As an advocate for mental health reforms that are currently law thanks to the Affordable Care Act, it is good to know that my Senator will not support a health bill that cuts *mental health* and *substance use* benefits, as well as funding for Medicaid, the primary funder of behavioral health care.
