

Capstone Course Timeline

June/July/August

- Consultants/Agencies/Municipalities/Faculty submit project proposals.

Fall Semester Activities/Submission

August/September

- Project sponsors present their projects to the UNH seniors. This occurs via a 5-minute presentation, either live or virtually.
- Students will be assigned projects based on their submitted preference after the project presentations are complete.
- Student teams develop and submit **Scope of Work and Schedule**.

October – December

- Student teams to develop and submit **Preliminary Design Report**.
- Student teams make **Presentation** of project to sponsor, project advisor, and review panel.

Spring Semester

February – March

- Student teams develop and submit **Updated Scope of Work**.
- Student teams develop and submit **75% Design Report**.

April

- Student teams present their project at UNH's **Undergraduate Research Conference**.

May

- Students develop and submit **Final Design Report**.
- Students make final **Presentation** to sponsor, project advisor, and review panel.
- Sponsors to provide feedback to faculty advisor on the project Final Design Report and presentation for grade assignment.

Fall and Spring Semesters

September – May

- Student teams continue the project development to address deliverables outlined in the project's scope of work.
- Sponsors to provide project guidance, information, and support as requested by the students or as they feel is needed to keep the project group on task.
- Project Teams to conduct meetings, live or virtual, as appropriate.
- Sponsors to provide feedback, as appropriate, on project submissions.
- Students to communicate with client via progress reports on a regular interval as determined by the Project sponsor.
