

Brown Bag Discussion Series for all Medical Staff, Residents and Fellows

The MMC Medical Staff Peer Support Program proudly offers the Brown Bag Discussion Series to help enhance existing relationships, forge new bonds and promote a culture of support for the MMC community, with new topics presented each month. Light refreshments are offered, but feel free to bring your own lunch.

Please join your colleagues for this engaging discussion:

How do you care for patients when they are not ready to help themselves?

Hosts: Jayne Weisberg, LCPC, LADC, IMAT team, and Joan Carr Myers, MA, BCC, Spiritual Care

Tuesday, October 29

Noon - 1 p.m.

Dana #9

Does it feel like your relationships with patients are becoming more adversarial? Jayne Weisberg and Joan Carr Myers will draw from extensive experience working with patients diagnosed with substance use disorder, in this discussion about meeting patients “where they are at.” We will look at both conscious and unconscious bias, and how we can manage that during difficult encounters.

RSVP to **Dyan Albano**, indicating the session date(s), your name, email address and phone.

Maine Medical Center is accredited by the Maine Medical Association’s Committee on Continuing Medical Education (CME) to physicians. This activity has been approved for *AMA PRA Category 1 Credit*™.

We want your feedback. If you would have attended this Brown Bag if not for obstacles, please identify those obstacles. We are open to ideas about timing and campus location. Would you like to partner with us to schedule one of these topics in a more convenient location?

Questions? Dyan Albano, 662-3404
