

Moment to Shine

See how our colleagues are recognizing each other for upholding our values.

William Dexter, MD, was recognized by Neil Carroll for Respect

Dr. Dexter took on nine walk-in patients with assistance from some of our clinical staff members and absolutely gave each patient the dedicated time they needed. He carried out six different procedures during this time all while seeing his normal or regularly scheduled patients. He used his clinical staff efficiently and frankly it was an honor to work alongside him this evening. This physician deserves a level three nomination after his efforts today hands down!

Melanie Fitzsimmons, MD, was recognized by Dean Johnson, RN, for Innovation

Thank you for your dedication to building and leading our team to better serve our patients, fully embracing the new team-based approach as well as taking time to provide feedback, guidance and education. Lead on.

Lance Hamilton, APRN-CRNA, was recognized by Alexandra Ham, for Excellence

Lance was the CRNA in my room this week and he went above and beyond to make sure the room ran smoothly. There were a lot of different surgeons from different specialties. The patients were all different ages. Lance made sure that the room stayed organized and we ran on time. He was always one step ahead and kept the rest of the team in the loop. For this he absolutely deserves a moment to shine.

Joseph Wight, Jr. was recognized by Judith Bush, MAOP, for Excellence

I learned from Rebecca Hemphill that you came in during your vacation to represent at a CDS meeting. She commented to me how valuable it was to have you there and the importance of your contribution. Thank you for your commitment and for all you do for Maine Health. Below is the email that Rebecca also shared with me. "Just a quick note to thank you for your time and contributions at our CDS meeting yesterday. Your being there made it an outstanding and productive meeting. We were all very appreciative of your perspective, willingness to educate the group and flexibility as we went through the process. I hope you are enjoying this beautiful week!"

Melanie Fitzsimmons, MD, and Nicole Hoffman, APRN-FNP, were recognized by Julie Evans, RN

Team Fitzsimmons-Hoffman, thank you for your ongoing work to ensure that your patients receive needed care. You ensured that your patients receive timely and effective cancer screening and mental health screening all while receiving glowing feedback from your patients through Real Time-NRC Picker. All we can say is 'Thank-You'. Here's to all of your dedication and skill in delivering primary care.
