

CITY OF AZUSA LOCAL CONTROL MEASURE

Nov. 5th Vote on Measure ZZ

In November, Azusa residents will vote on the “City of Azusa Public Safety, Community Services, Local Control And Accountability Measure.”

If approved by voters, Measure ZZ could generate additional funding for community identified city service priorities, such as:

- **Maintaining local control over taxpayer dollars.**
- **Continuing police anti-gang enforcement programs.**
- **Addressing homelessness in the city.**
- **Maintaining police patrols of neighborhood schools, parks, and recreation areas.**
- **Maintaining city services and long-term finances.**
- **Improvements to public facilities and repairs of streets and potholes.**

1 What is Measure ZZ?

Measure ZZ is the “City of Azusa Public Safety, Community Services, Local Control And Accountability Measure.” Azusa voters will have the opportunity to vote on Measure ZZ during the November 2024 Election.

2 Why a Local Control Measure?

For years, Los Angeles County has been taking millions of sales tax dollars from Azusa residents while the City itself receives fractions in return. The City of Azusa seeks to maintain local control over local taxpayer dollars so these funds can be spent to maintain local services for our community, and to enable the City to be prepared in uncertain times. If enacted, the full ¼ cent sales tax from Measure ZZ would be legally required to be spent on services that benefit Azusa residents. No funds could be taken by the County or State.

3 How will Measure ZZ work?

If passed, the Measure ZZ city sales tax would only be collected when the County’s Measure H sales tax is repealed or expires. Then, the City would directly receive the ¼ cent sales tax revenue on purchases in Azusa to be used only for City services.
