January 12, 2023

President Joseph Robinette Biden Jr.  
The White House  
1600 Pennsylvania Avenue, NW  
Washington, D.C. 20530-0001

Dear President Biden,

I write today to urge you to release all visitor logs for your home in Wilmington, Delaware from January 20, 2017, to present. According to recent disclosures from your lawyers, you have used your Wilmington residence's garage to store classified documents that should have been turned over to the National Archives.

The fact that classified and sensitive material was casually stored in your garage, apparently next to your Corvette, is deeply concerning.

As president, you have made at least 60 trips to Delaware, and you reportedly spent a substantial amount of the 2020 presidential campaign at this location. As a matter of national security and transparency, the public deserves to know who visited this residence and had access to these unsecured, classified documents.

In May 2021, you re-instituted the policy of the Obama Administration to release visitor logs for the White House, Eisenhower Executive Office Building, and New Executive Office Building. According to a White House press release, you implemented the policy to deliver on "[your] commitment to restore integrity, transparency, and trust in government." I call on you to release the visitor logs for your Wilmington residence in light of this news and deliver on your promise of transparency to the American people.

I appreciate your attention and timely response to this pressing matter.

Sincerely,

A handwritten signature in blue ink that reads "Ken Buck".

Ken Buck  
Member of Congress
