

**THE JUNE LETTER  
OF PORK BELLY VENTURES  
June 14, 2025**

Dear Porkers,

We want you to have most everything in one document, and that's why we created **The June Letter**, your RAGBRAI travel guidebook for Pork Belly Ventures. It's a reference document, so please take a moment and decide how you will save this letter, where you'll keep it for the future.

We will save much of the information about food vending in camp and our catered dinners for inclusion later in "Our Week in the Corn."

Reading this letter—or reading those parts that are relevant to you—is the BEST way to avoid making mistakes like missing the bus or missing out on services we provide. We've made a concerted effort to condense the instructions and reduce it to bullet points wherever we can.

**Still, it's long. Nobody needs to read every section of this letter.** If you're not on the Omaha Shuttle or the East/West Shuttle, for instance, skip the entire section. The June Letter is mostly chronological, except for later sections.

**Besides reading your June Letter, how can you stay informed? Make sure to open our updates during June and July and scan the topics to determine whether they are relevant to your RAGBRAI experience.**

**If you don't have the Pork Belly App, get it today.**

Keep this letter for reference. Re-read as needed. Print and mark up a copy with a highlighter, if that's useful.

**Table of Contents**

1. Top Priorities Right Now
2. East/West Shuttle, Friday and Saturday, July 18 and 19
3. Finding Us in Orange City, July 18 and 19
4. Omaha to Orange City, July 19
5. Des Moines to Orange City, July 19
6. The Week with PBV
7. Our "Early-Finish" Shuttles on July 22 and July 26, the last day of RAGBRAI
8. Our Exit and Enter Shuttles, July 22 and July 23
9. The Last Day of RAGBRAI, July 26
10. Shipping Bikes to/from RAGBRAI
11. Between Now and RAGBRAI
12. Protecting Your Bike for Truck Transport
13. The Pork Belly Mobile App

Soon, your June Letter will be posted in plain text at [www.pkbelly.com](http://www.pkbelly.com) under "June Letter."

### TOP PRIORITIES RIGHT NOW

#### **Order Optional Dinners Soon**

Soon our optional dinner menus will be published—within a few days. At some point in late June, we need to let our caterers know the number of dinners sold. Caterers may cut off the numbers on a dinner at any time, depending on their capacity. We do not expect these caterers to prepare for much larger numbers than what has been ordered in advance. If you don't pre-order, you may not have a chance at our optional dinners.

Declining our dinners means that you'll use our food vendors in camp or leave camp to find supper elsewhere in town. Last year, folks, we closed two of the three optional dinners before RAGBRAI began, because those caterers couldn't keep accommodating more people. At some point, most caterers just have to know how many they're serving.

#### **The Detail Form**

We opened up the Detail Form in early April. It's time to complete it. Every rider using our services needs to complete this form. It is your responsibility to record your official RAGBRAI registration number on your detail form. (This six-digit number will be emailed to you after June 11.)

Complete Your Detail Form Right Away.

- **You must login.** Do not click "Edit" unless you need to add services.
- Look for the **green tab** across from your name, labelled Detail Form.
- Another way in... Use the link at the top of your PBV email confirmation, "Click to Continue the Application." This link allows you to bypass the login process.
- On the Detail Form, provide your registration number for RAGBRAI (bib or wristband number), dietary restrictions, and bike info, and then pre-RAGBRAI shuttle details.  
**Answer those and save changes.**
- Partial-week riders may enter the words "day passes" into the RAGBRAI Registration field.
- **Should you have an accident on the bike or should RAGBRAI take possession of your bike for any reason, Pork Belly Ventures cannot provide any assistance in retrieving your bike without your six-digit RAGBRAI wristband number (on the Detail Form).**
- In addition to entering your RAGBRAI registration number in the field for your official RAGBRAI wristband number, you must wear your RAGBRAI wristbands to check-in with PBV. We'll check your weeklong wristband or day passes before providing you with the PBV bracelet.
- Extra Night (7/18 in Orange City) in Your Rental Tent On the Detail Form, you may select an extra night in your rental tent (Friday 7/18) in Orange City, not in Guttenberg. The price is \$50. This option is for those who are using the Friday E/W Shuttle or who

are being dropped off in Orange City. None of our other shuttles from Omaha or Des Moines run on Friday.

- **Thanks** completing your Detail Forms—and most of you have!

### **Payment Is Due Now**

- We asked for balances by May 15<sup>th</sup>.
- Small balances at this point are fine—you're still adding our extras. But if you still have 90% of your services outstanding, please settle up right away.
- We are cancelling applications with large balances due.
- You may login and pay balances by credit card.
- At this writing, June 13, you can still mail a check, but write to us and let us know that you've done so.
- Settle all balances before you come to Iowa.

### **Availability of Services**

- Our Weeklong Support and Partial-Week Support are not available at this writing. If we have sufficient cancellations, we may re-open these services.
- The Rental Tent Service is SOLD OUT and has a long waiting list. Please wait to see if you clear the list. If we get enough cancellations, Kay can begin contacting people on the list.
- The E/W Shuttle is available, and we have not closed any of the departures at present.
- You can still sign up for the pre-RAGBRAI Omaha and Des Moines shuttles of PBV. And if you do, please complete the Detail Form immediately.
- All of our post-RAGBRAI shuttles (to Omaha, Des Moines, and Quad Cities airports) are available at this writing, but there are just a handful of seats left in some cases. Watch updates for current availability.

### EAST/WEST SHUTTLE, Friday and Saturday, July 18 and 19

#### **Basic E/W Shuttle Info:**

- From end town to start town, Guttenberg to Orange City, on Friday afternoon and Saturday morning, 7/18 and 7/19
- 5.5 hour trip, if traffic is good
- Departures at 1:00 and 3:00 on Friday, space available at this writing.
- Departures at 7:00, 8:00, and 9:00 am on Saturday, all available at present.
- We'll use comfortable coaches, restroom-equipped and air-conditioned. Your bags will go into the compartments under the coach, and your bike will be loaded on a trailer. [See section on Protecting Your Bike for Truck Transport, and see "Bike Transport" below.]
- Coaches WILL BE FULL. Anything you carry on board the coach may be in your lap throughout the trip. Some coaches have an overhead shelf and some don't. This is beyond our control.
- We allow two bags per person under the coach and one bike per person on our trailers. Keep reading for more about extra bikes on the E/W Shuttle.

### **Location/Parking in Guttenberg**

- In Guttenberg, Pork Belly Ventures will be located at Lakeside Ballroom, 1202 N. 4th St., Guttenberg, IA 52052.
- We will publish a map as soon as we can.
- We will load bicycles and board the coaches in our staging area on the street in front of the Lakeside Ballroom.
- Guttenberg requires you to show your printed email parking confirmation to their volunteers at the parking area.
- You may wish to create your own dashboard sign with your name and cell phone number, in case Guttenberg would need to contact you.
- On Saturday, July 26, we will be located in the same location, at Lakeside Ballroom. See later sections of this letter for details about the last day of RAGBRAI.

### **Groups on Coaches**

- If two members of the same group requested different departure days/times, we have granted each person's request, and you will not ride across the state together.
- If you wish to be together with other group members on a coach, you need to select the same departure on the drop-down menu and provide PBV with an identical group name for all group members. The group name goes in the group-name field on your registration form. We've published many reminders about the need for an identical group name.
- Our team (Dave Kennedy) has worked to complete bus assignments for our shuttles. These rosters are complete, and new riders are being added as they continue to sign up for the E/W Shuttle.
- We'll publish rosters in early July, so you can know/see to which coach and departure time you're assigned.
- We have multiple coaches, as many as eight, departing at each departure time.
- If you don't have your group's name on your registration form, please don't assume we can take apart our bus assignments to move you. This affects other people.

### **Hours in Guttenberg**

- PBV Bike loading in Guttenberg, on Friday, 11:00 AM to 7:00 PM
- PBV Bike loading in Guttenberg on Saturday: 6:00 AM to 8:30 AM
- Guttenberg's Parking and Shuttle hours on Friday: 10:00 AM to 10:00 PM
- Guttenberg's Parking and Shuttle hours on Saturday: 5:00 AM to 9:00 AM

### **What To Do Upon Your Arrival in Guttenberg**

People will have different scenarios, arriving on different days, at different times. Please use these points to make the best plan for you.

- Find us at our staging area and unload your bike and baggage. Present your bike for loading.
- Then park the car.
- You will show your parking confirmation to the Guttenberg volunteers at the North Parking Location (very near us).
- You may create your own dashboard sign with your contact info, if you like.

- Regardless of what departure you have chosen, Friday or Saturday, you may certainly load bikes on Friday. In fact, we encourage you to load bikes on Friday, if possible.
- Expect and allow time for a little congestion in Guttenberg. We usually have far more people shuttling on Saturday morning, but actually, the Friday numbers are up. So allow extra time for congestion in the parking area and our staging area on both Friday and Saturday.
- Needless to say, do not rush into town at 8:15 AM Saturday and expect to find us, get your bike loaded, park your vehicle, manage your baggage, and board your bus by 9:00 AM. It's important to pad your schedule and make a workable plan.
- Budget your time. Arrive plenty early. Allow for delays. Give yourself a smooth start to your week.
- Portatoilets and food and drink (inside) are available in our staging area, but allow time for these things before your departure time.
- Any box lunches you've ordered can be claimed from local restaurant staff in our staging area—at Lakeside Ballroom. Ask our crew where to get your pre-ordered lunch.
- Crew members will check you off as you board coaches.
- We depart on time.
- Coaches are restroom equipped.

### **Have You Signed Up for Long-Term Parking in Guttenberg?**

Here is the link for long-term parking again—and you want the NORTH lot.

<https://guttenbergragbrai2025.ticketspice.com/guttenberg-ragbrai-2025>

### **Our Guttenberg Schedule and Crew**

- The crew will load bikes on Friday (hours above) and supervise the departures of Friday coaches, eight at 1:00 and two or three coaches at 3:00 PM.
- They will load bikes until 7:00 PM. (Then they lock up and take off to eat and sleep!)
- The crew will return to our staging area at 6:00 AM on Saturday morning to continue bike loading and supervise the boarding of our Saturday buses departing at 7:00, 8:00, and 9:00 (several buses at each departure time).

### **One Bike Per Person on E/W Shuttle**

- As we plan for trailer space, we assume one bike per person.
- If a member of your group is using a different PBV shuttle, then you can bring his/her bike to be transported on the E/W Shuttle, but we need to know about it now.
- We don't charge anything for transporting your fellow Weeklong Porkers' bikes, so long as they are using one of our other shuttles on the 19th.
- If the owner of the extra bike is not using another PBV shuttle prior to RAGBRAI, we charge \$75 per bike for transporting more than one bike per person.
- If you will have more than one bike per person for loading in Guttenberg on the 18<sup>th</sup> or 19<sup>th</sup>, you must write to [Kay@pkbelly.com](mailto:Kay@pkbelly.com). This will help us make a plan for adequate truck space. (Some of you have already done this. No need to do it again.)

### **Sleeping Options in Guttenberg on Friday, 7/18, Prior to RAGBRAI**

- Hotels stays are up to you. We don't recommend particular hotels on the east side of Iowa. Dubuque is the nearest larger city with many hotel options. The small hotels in Guttenberg have been full for a long time now.
- Indoor Sleeping at Lakeside Ballroom is less than half full at present. It is not too late to select this option on your Pork Belly Ventures application for a \$25 donation to the ballroom.
- For those who prefer to tent-camp, you may do so in a different location, 1.5 miles south of our staging area, Ingleside Park (aka Riverside Park). Please do NOT camp outdoors at Lakeside Ballroom.
- No Rental Tents in Guttenberg Though PBV rental tents are available in Orange City on Friday night (for an additional \$50), they are not available in Guttenberg.

### **Bike-Loading Details**

- On both Friday night and Saturday morning, we'll provide handlebar tags and markers. Please label your bike with your name and cell number before handing it over.
- Please don't leave your bike unattended: wait patiently with it until one of our crew can take it from you.
- Please don't climb into a truck or trailer, just hand your bike up.
- See section at the end of this letter on Protecting Your Bike for Truck Transport.
- If you have CARBON WHEELS, it's your responsibility to tell our loaders at the time they are loading bike. You should tag the handlebars with this message: "Do Not Hang This Bike." Include your name and cell number. We don't hang carbon wheels, if we know your bike has them. (Carbon-framed bikes may have alloy wheels.)

### **Bus-Boarding Details for Guttenberg, and Departing the Bus in Orange City**

- All buses will stage about 30 minutes prior to departure.
- Please stand back and let the earlier departures get loaded and boarded. When they roll, move on up and get ready to place your bags in the compartments under the coach.
- It's your job to place your bags in the compartments under your bus.
- Be available to board your coach about 15 minutes before departure.
- Our coaches are restroom-equipped and very comfortable.
- The buses are not likely to stop on the way to Orange City, so it's a good idea to have food and drink on the bus.
- Truth is, we don't have control over whether or not the coaches make a stop. We ask them to drive straight through, but the drivers have their own reasons for making a stop sometimes.
- On arrival in Orange City, when you step off the bus, remember to pull your bags out of the bus baggage compartments.
- Our Orange City crew will direct you to the bike trucks, so you can claim your bike when it's unloaded.
- They will also direct you to check-in at our Front Desk if you are spending the week with Pork Belly Ventures.
- Bike trailers do not necessarily depart at the same time as coaches. You probably won't claim your bike immediately in Orange City, but will have a wait time. This gives you

time to get oriented and do some chores. You can get food and drink until your bike arrives!

### **Arriving in Orange City on Friday Night**

- Those who take the 1:00 and 3:00 Friday shuttles from Guttenberg will arrive in our Orange City campsite at about 6:30 and 8:30 p.m. respectively.
- You can check-in for PBV Weeklong Support on Friday night.
- For those who are not using our Weeklong Support, we'll have a designated camping area for you. Welcome!
- Our crew will direct folks to their rental tents.
- Some of you will set up your own tents after check-in.
- Right in Pork Camp on Friday night, we have a golf club that will be serving drinks and dinner options for you—and everyone who camps with us is welcome to patronize the club after your long shuttle ride.
- Around 10:00 p.m., our crew will go to bed and rest up for a busy Saturday.
- On Friday night, there won't be much in the way of services until morning.
- Our showers will be up and running Saturday morning.
- Everyone who uses our shuttles is welcome to go into the golf club for breakfast!
- Krista will be brewing coffee on our coffee trailer in the parking lot on Saturday morning at 6:00 a.m. (For the rest of the week, she brews coffee from about 5:00 to 7:00 a.m.)

### **Pork Belly Ventures Location in Orange City**

PBV will be located at Landsmeer Golf Club, 902 7th St. N.E., Orange City, IA 51041. We have partnered with this club in the past, and it's a good location for buses and bicycle trailers to pull in and unload, and depart. It's a pretty place, too, and the town of Orange City WILL be running shuttles from our location to the festivities.

### **Orange City on Saturday, Festivities and Bike Expo**

On Saturday, the huge RAGBRAI Bike Expo will be downtown. The locations of the main campground, the bike expo, and the festivities will be noted on our map (coming in July).

### **Arriving in Orange City on Saturday:**

- Check-in is open from 8:00 AM to 8:00 PM, and our busiest time is around noon to 3:30 or so.
- We will check you in for our Weeklong Support as quickly as we can, but remember that you don't necessarily have to get in line for check-in first thing.
- We'll have a food vendor in the parking lot, and the golf club will also be offering food and drink. Please watch updates for a list of offerings. There'll be music on stage for a few hours in the afternoon, and a lot of fun stuff going on.
- Please don't leave camp without checking in and doing your chores; however, if the lines for check-in are long, you're free to go set up your tent, claim your bike, eat a bite, and wait to check in at our Front Desk until the lines have gotten shorter.

### **To non-Porkers on the E/W Shuttle**

Thanks very much for using our shuttle, and we wish you a great RAGBRAI.

We will take you from Guttenberg directly to our Orange City campsite, address above.

- You should unload your baggage there and claim your bike.
- The general or main RAGBRAI camping area will be designated on our map of Orange City.
- Some folks on the shuttle are with a different charter—not PBV—for the week. We don't know where every charter is camping in Orange City, so do your research now and find out precisely where your charter will be camping.
- Orange City is a special place, with a surprising amount of help available to get folks where they need to be! We were so impressed last time that they had vans and drivers on Saturday afternoon to help folks get from our campsite to their own weeklong campsites or the main campground. Our crew will direct you to where you can make use of this great service. It's possible that they will carry your baggage, and you can follow along on your bike.
- Orange City will also be running shuttles around the town, another way to get where you're going!
- Pork Belly Ventures will also chip in when we can, with a pick-up truck for baggage. But our team will be too busy at certain times.
- Perhaps, ask if your weeklong charter can come and pick up your luggage while you ride your bike to their campsite.
- In July, we'll send you our host-town map of Orange City, noting our campsite, in case your weeklong group can assist with your transfer.

### FINDING US IN ORANGE CITY

Friday or Saturday, 7/18 and 7/19

- If you are driving to our campsite in Orange City, our first RAGBRAI campsite is located at Landsmeer Golf Club, 902 7th St. N.E., Orange City, IA 51041.
- Pete and Kay Phillips and over half of the Pork Crew will be waiting for you in there.
- We will publish a map of Orange City in July, showing our location in relation to the main campground, the Bike Expo, and festivities downtown.
- Friends and family who drop off riders to spend the week with us, please make note of this request. Because we'll have around 25 buses arriving throughout the day, needing space to unload and drive out again, those arriving by **private vehicles (dropped off by friends and family) must park away. You can park at a distance, unload your things, and walk over to camp, but you may not unload in our parking lots where buses are coming and going.** When you arrive, by walking over, please come to our front desk for check-in.
- ***Friends and family are more than welcome to buy lunch from our food vendor or the golf club and hang out in Pork Camp and get a feel for your experience. All we ask is that you park well away from the operation of PBV. Please make sure your parked vehicle does not impede the operations of our charter.***
- You can learn more about long-term parking in Orange City at <https://ragbrai.orangecityiowa.com/riders/parking-long-term/>. **PBV does not shuttle back**

to the start town of Orange City at the end of RAGBRAI, so we don't have much info on this topic.

### OMAHA TO ORANGE CITY,

Saturday 7/19

(This shuttle is not offered on Friday, 7/18.)

**PLEASE NOTE: The Omaha Airport STILL has significant construction project going on. This may affect your timeline as you leave the airport and catch a shuttle to our airport hotels.**

#### **Basic Shuttle Info:**

- Our shuttle operates in the rear parking lot of the **Candlewood Suites at the Omaha airport**, on Saturday, 7/19
- Address: 2601 Abbott Plaza, Omaha, NE 68110
- Approximately a two-hour trip from Omaha to Orange City
- Departures about every hour throughout the day on Saturday, beginning at 7:30 AM, with the last departure at 4:00 PM (firm). We have built our departure schedule around the preferences we receive from riders on their Detail Forms.
- No departures after 4:00 p.m.
- We'll use very comfortable coaches, restroom-equipped and air-conditioned. Your bags will go into the compartments under the coach and your bike will be loaded on a trailer. [See section on Protecting Your Bike for Truck Transport, and see "Bike Transport" below.]

#### **Omaha Airport Crew at Candlewood Suites Hotel**

Tammy and Mike Pavich, Becca Castle Laughlin, and about a dozen other Pork Crew members will greet you as you arrive to use our largest airport shuttle.

#### **Staying in Omaha Airport Hotels**

You don't need an Omaha hotel room on Saturday night, 7/19. You will be camping with PBV in Orange City—or if you're not with us, you'll camp in the Main Campground or with your weeklong charter or group.

If you need a room near the Omaha airport on Friday, 7/18, or Saturday, 7/26, these are the Pork Belly Ventures designated airport hotels which are right next door to each other, literally across a parking lot. Please note that by this point in the season, our blocks are full on some nights. Technically, the blocks have expired, but the hotel staff will give you a room if one is available.

Best Western Plus, 2510 Abbott Plaza, Carter Lake, IA 51510, **FULL**  
402-505-4900

- Mention our name to reserve your king or double queen room for \$144 or so.
- Hot breakfast served here
- Our blocks have expired, but you can call and give it a try.

- People do cancel rooms, so you can try phoning from time to time, in case a room has opened up.

Candlewood Suites, 2601 Abbott Plaza, Omaha, NE 68110 **FULL**  
402-342-2500

- This extended-stay hotel could have cancellations, so you're welcome to call and see if they have rooms.
- Mention our name to reserve your king or double queen room for \$144 or so.
- No breakfast here, but they do have a little convenience store in the lobby, and a pancake restaurant just a little ways from the front door.
- Shuttle departs from this hotel parking lot.

We do not have room blocks in other airport hotels. Since our blocks have filled, we've been recommending the nearby Country Inn and Suites, the Hampton Inn, and the Holiday Inn Express, all south of our hotels on Abbott Drive.

Wherever you stay in Omaha, it's your responsibility to get to Candlewood Suites for your shuttle. At the end of RAGBRAI, our coaches drop off at Candlewood Suites.

Be considerate, please, of the staff and respect the furniture and linens that belong to the hotel. If you need to work on your bike, the managers have said they can give you rags. Please don't use their bath towels. Do any bike work outside, not on their carpet, please. We don't mean to insult you with these reminders, but it has happened.

#### **Amenities Near These Omaha Hotels**

- Large convenience store (with beer/wine/spirits)
- Subway sandwich shop
- Perkins Restaurant right there (with breakfast all day and other options).

#### **Airport Parking**

- Recommended for Parking: If you're staying at the Candlewood or Best Western Plus, their staff will visit with you about their inexpensive weeklong parking in the hotel lots. This does not need to be reserved in advance. Walk in and arrange it on the day.
- We have also used Budget parking, quite near the hotels, for \$6 or \$7 per day. They have a fenced lot, patrolled regularly. But allow time to walk to and from this facility, unless Budget will give you a lift in one of their vans. We do not arrange transfers to and from parking facilities.

#### **If you fly into Omaha on Friday (7/18)**

- Due to airport construction, some of these instructions could change slightly before you arrive.
- If you're at baggage claim on the South end of the airport (American, Delta, Frontier, Alaska Airlines), walk out of the airport using Door #1.
- If you're at baggage claim on the North end of the airport (United, Southwest, Allegiant Airlines), walk out of the airport using Door #5.

- Cross over to the commercial lane.
- Board the next **Stewarts** van and tell them you're bound for Best Western Plus or Candlewood Suites, wherever you have a Friday night reservation. It's a short ride, and it's free.
- By all means if you are so inclined, tip these drivers who will be working very hard for Pork Belly shuttle folks all day!
- By about 7:00 Saturday morning, we'll be set up outside on the north side of Candlewood Suites (the back parking lot).
- About 30 minutes before your scheduled shuttle departure time, come out and check in for your coach.
- For Dinner: We suggest a trip to Omaha's Old Market for dinner on Friday night. It's a fun place with great dining and entertainment. Our longtime favorite restaurant is Nicola's-Italian/Greek, very fresh, lovely outdoor patio. But we also like Upstream Brewery an awful lot. There are many more restaurants and shops. The Old Market is a great place for dining, shopping, and music. (Don't stay out too late!)

#### **If you're flying into Omaha on Saturday (7/19)**

- Due to airport construction, some of these instructions could change slightly before you arrive.
- Our crew, wearing Pork Belly shirts and carrying signs, will meet you at baggage claim on Saturday. If you have completed your Detail Form, you'll be on their list of arrivals.
- They will reinforce these directions for you...
- If you're at baggage claim on the South end of the airport (American, Delta, Frontier, Alaska Airlines), walk out of the airport using Door #1.
- If you're at baggage claim on the North end of the airport (United, Southwest, Allegiant Airlines), walk out of the airport using Door #5.
- Cross to the commercial lane, and catch the first **Stewart van. Tell the driver you're bound for Candlewood Suites. The shuttle is free.**
- If you are so inclined, tip these hard-working Stewarts drivers.
- Our check-in desk and all trucks and coaches will be on the north side (the back parking lot) of the Candlewood Suites hotel. Shuttles from the airport on Saturday will probably bring you right around back to our area, but if for some reason they drop you out front, walk straight in the front door, through the lobby, and out the back door to check in for your departure.
- When you've checked in with us for your coach, you can hang out in the hotel lobby (a/c, television, small convenience store, vending machines) until your departure.
- There's a big convenience store across the street from Candlewood, and also a Subway sandwich shop and a Perkins Restaurant (breakfast menu and burgers, etc) if you have a longer wait.

#### **Summoning the Stewarts Airport Shuttle on Friday or Saturday**

- The Stewarts Shuttle is likely to be circling all day on both Friday and Saturday, from the airport to the hotels.
- If you're at baggage claim on the South end of the airport (American, Delta, Frontier, Alaska Airlines), walk out of the airport using Door #1.

- If you're at baggage claim on the North end of the airport (United, Southwest, Allegiant Airlines), walk out of the airport using Door #5.
- Cross over to the Commercial Lane. The Stewarts van will be waiting or it will come along shortly.
- You can also call the hotel phone numbers and ask them to send the shuttle:  
Candlewood: 402-342-2500  
Best Western Plus: 402-505-4900

#### **If you're driving into Omaha on Friday or Saturday (7/18 or 7/19)**

- If you arrive on Friday, decide whether to park your vehicle on Friday evening or Saturday morning well before your scheduled departure.
- **On Saturday, we are using the rear parking lot of Candlewood Suites for loading bikes and for one coach after another, pulling in, loading, and pulling out. Do not plan to park and unload in this rear parking lot, please.**
- If you arrive on Saturday, please park at the front of the hotel. Be careful to stay clear of the path of our large coaches and bike trucks. When you have unloaded, you can check in for your departure, and if you have time, get food or drink to take on board your coach.
- Restrooms are just inside the back door of the hotel.
- There's a big convenience store across the street from Candlewood, and also a Subway sandwich shop and a Perkins Restaurant if you have a longer wait.

#### **GIVE US A COURTESY CALL OR TEXT IF YOU'RE DELAYED.**

- **If your plans change on Saturday, if your flight is delayed, if you encounter delays while driving to Omaha, CALL or TEXT ME.**
- Candlewood front desk is 402/342-2500 and my (Tammy's) cell phone number is 808/375-8921.
- We don't promise to have seats for you on the next departure, but we can begin to think about reassigning you where we have open seats. These things often work out.
- If you don't show, the crew will be looking for you in the terminal or we'll be wondering whether you're still coming.
- If you arrive later than our last departure at 4:00, it's unlikely that we can provide a later departure. We have contracts for coaches during a certain window. We urge you to hedge your bets and plan an early arrival in Omaha. No harm in asking, and of course we will try to help, but we cannot promise to shuttle after 4:00 PM.
- (For much of the week, I will be unable to answer calls or texts, but I'll be very attentive on Saturday. If I don't answer, please text or call back.)

#### **Groups on Coaches**

- **The Detail Form is our essential tool** for making bus assignments on our bus-departure-management software at the website.
- If two members of the same group request different departure days/times, we have granted each person's request, and you will not ride to Orange City together.
- If you wish to be together on a bus with others who share your common group name, we assume that you **talked to each other about your departure time before completing your Detail Forms.**

- Several of our team do bus assignments for our shuttles. Don't assume that all of us know who is with whom.
- In short, we need Detail Forms from everyone in your group and identical group names on all applications.
- We'll publish rosters in early July, so you'll know to which bus you're assigned.
- We will also publish a list of names of those whom we cannot assign, due to the lack of information. It's no fun to find your name on the unassigned list. Please complete your Detail Form.
- If you don't have your group's name on your application, or if you have chosen different departure times, please don't assume we can take apart our bus assignments to move you. This affects other people.

### **Creating/Publishing the Departure Schedule**

- We allow at least 45 minutes from the time you land before we assign you to a coach. Even this is a bit tight for claiming your baggage and shuttling from the airport to the hotel.
- Your flight would probably need to arrive by 3:15 at the latest, for you to make our 4:00 coach.
- We have constructed the departure schedule around the arrival information and preferences you have given us on your Detail Form, with departures approximately every hour between 8:00 a.m. and 4:00 p.m. when our last bus will roll.
- As usual, we'll send out bus rosters for the entire day and try to minimize anyone having to wait around. Watch for these rosters soon, please.

### **Bike Transport**

- We'll have bike trucks apart from the buses.
- We will have adequate space for both boxed and unboxed bikes.
- It's possible that you may have a little time in Orange City to set up your tent, check in, etc, before the bike truck rolls into camp.
- [See Section entitled Protecting Your Bike for Truck Transport at the end of this letter.]

### **LAST WARNING ABOUT ARRIVING EARLY**

We recommend arriving on Friday, and we've said this many times. Airline problems abound nowadays. If you have ignored our advice and planned to arrive Omaha in the late afternoon, you may want to give some thought to your plan B—what if your flight is delayed or a bag is lost? Orange City is two hours north.

DES MOINES TO ORANGE CITY,

Saturday, 7/19

### **Basic Shuttle Info:**

- WE CHANGED AIRPORT HOTELS THIS YEAR (we had complaints about the other hotel)

- This shuttle departs from the Holiday Inn Conference Center, 6111 Fleur Drive, Des Moines, IA 50315.
- About 3.5 hours on the coach
- Saturday morning, 7/19, 7:30 bike loading, 9:15 departure
- FYI, we will have three coaches this year.

**Crew** Usually two or three crew members will handle this shuttle.

### **One Departure Time**

- This shuttle is simple and smaller than our others. We'll have 2-3 coaches departing at the same time, 9:15 a.m.
- Folks on this shuttle may fly or drive to Des Moines. Many live in the Des Moines area.
- The bike truck/s stage at 7:30 a.m.
- As always, arrive early enough to give us your bike for loading and park your vehicle before boarding your coach on time.
- Coaches arrive 30 minutes before departure.
- We depart on time at 9:15 a.m.

### **Des Moines Hotel Rooms and Parking**

- We blocked rooms at the Holiday Inn Conference Center in Des Moines, on Friday, 7/18, (FULL) and on Saturday, 7/26 (one room left in our block at present). If you wish to make a reservation at the Holiday Inn, please call 515-287-2400 and ask about Pork Belly Ventures room block.
- The hotel offers guests weeklong parking. Check with them.
- If you are not a guest of the hotel, please use another nearby parking option.
- There are quite a few hotels in this area, if you have missed ours. But it's up to you to get to the Holiday Inn parking lot to catch our shuttle on Saturday morning.

**Return on Saturday, July 26** At the end of the week, we'll have three buses designated for our passengers bound for Des Moines. We drop off at the airport Holiday Inn Conference Center parking lot, 6111 Fleur Drive.

More about the return to Des Moines under The Last Day of RAGBRAI (keep reading).

## THE WEEK WITH PBV

We will begin with some expectations, and move on to the Check-in Process. Weeklong Porkers, be sure to read this section, or at least scan the headings, from page 14 to page 28.

### **What Does PBV Expect of Porkers?**

- Our most important expectation is that you be courteous to our hard-working crew.
- We may need your patience at times. This is an operation with a zillion moving parts.
- We have promised to give you extras, comforts, conveniences, and luxuries, and yet you just won't always be 100% comfortable when you're living outdoors for seven days.

Prepare yourself mentally for some physical hardship. You have signed on for a week of biking and camping in the elements. Prepare to cope with it, deal with it, roll with it.

- Things can feel like they are going wrong sometimes. Take a breath and ask us for help. We can find a lost bag in a matter of minutes, so let us know if something seems to be missing. RAGBRAI is defined as an event where 10,000 people slow down, smell the roses, and stand in line for just about everything. We'll do our best to keep things moving, but in the morning, unless you rise before the sun, you will wait in line for the kybo.
- Each rider with PBV may bring **two bags**, and you should be able to lift each of them above your head and count to three.
- Folks who bring their own tents, please get your bags to our Stupidity trailers by 7:00 AM. We can't hold the baggage trailer.
- Folks who rent our tents, please be out of your rental tent (and out of the rental tent area) by 7:00 a.m. Please don't make us come and ask you to leave Tent City in the morning. We have five hours to strike camp, move the whole operation down the road to the next site, and set up for your arrival. Please don't delay the crew by standing in Tent City putting on your helmet. Move out of the tent area before 7:00 a.m. Then put on your helmet. It's just common sense, we know, and we're sure you'll be lovely and cooperative, but we speak from a few troublesome experiences. We have rented you a tent with this mutual understanding.
- Pick up your own trash. About six of us will circulate each morning with huge trash bags, taking your rubbish as you break camp. **It's not okay to leave a pile of trash where you took down your tent.** If you miss us when we sweep your area, do your part and place your trash in a receptacle.
- Be quiet after 10:00 pm and before 5:00 a.m.
- Our crew needs sleep. Do not wake them. If you leave your phone on the charging trailer after 10:00 pm, if you have a question or problem after 10:00 pm, go to bed. You can fix these things in the morning. Do not wake the crew.
- Never wake a napping PBV crew member. They work hard for about 18 hours per day, and if they're sleeping in the afternoon, it's because their duties are covered and they need rest. Find someone who is awake to help you with a problem. Except for true health emergencies, most problems that occur between 10:00 p.m. and 5:00 a.m. can wait.
- Before RAGBRAI, read your updates and do what they say. Some updates are optional reading just for fun, but some (like this one) are critical, so be an attentive reader and know what you're doing.
- **LOWER YOUR EXPECTATIONS.** This is a surefire way to have a wonderful time with Pork Belly Ventures. We will always under-promise in order to manage expectations, but we do hope to surprise and delight our riders in as many ways as we can.

**NO PERSONAL VEHICLES** No personal vehicles in our campsites. No exceptions. We will check.

**Your Friends Who Are Not with PBV.** We **MUST** know how many people we are serving. Those who "hang out" in our campsites must be wearing our weeklong PBV wristband. We cannot deliver for those who have PAID to be with us, if limited resources are being consumed by people who have not paid to be with us. For the sake of fairness and common sense, please

know that our campsite is not a place for your friends who are not Weeklong Porkers to rest and relax.

In some overnight towns, our showers will be the most convenient place for neighboring groups to access shower facilities—and we welcome our neighbors (and in some cases those on town shuttles) to walk up and buy a shower. (RAGBRAI standard for portable shower vendors is \$8 per person, plus \$1 for the towel.). You do not need to be wearing our wristband to use our showers in most towns.

Our crew will check wristbands and baggage tags, and also check the parking lots to see if personal vehicles need to be towed. Sorry to have to do and say these things.

### **The Check-In Process for Weeklong Porkers**

- Check-in takes place at our Front Desk in Orange City on Friday evening, July 18, 5:30 to 8:00 p.m., and on Saturday, July 19, from about 8:00 a.m. to 8:00 p.m.
- We'll send you a whole separate update about check-in.
- Please be prepared to show identification at the Front Desk on Saturday. One person cannot check in for a whole group. Each individual must check in.
- You must show your RAGBRAI wristband before you can put on a Pork Belly bracelet or receive your baggage tags. Pork Belly Ventures does not provide services to unregistered riders. You must show us that you are a registered RAGBRAI rider—wear the wristband.
- Don't lose your Pork Bracelet. If it breaks, save it and bring it to the Front Desk. It's worth a boatload. Do not lose it.
- To receive our services---to have us carry your baggage, to partake of beverages and meals, to use our massage therapists, to have our mechanics help you with your bike, to drink your morning cup of coffee, to charge a device, and much more---you must be wearing a Pork Bracelet.
- At check-in we will distribute special souvenir Pork Cups for Pork beverages. Please keep track of your Pork Cup, as we will issue only one per Porker. Don't lose it. If you lose it, there is a fee to replace it.
- Upon check-in, you will receive your new Pork team shirt. We hope you like it. It's our new favorite.
- **As you check in, you will have the opportunity to purchase PBV extras**, like a beverage punch card, our mid-week laundry service, and (if they are still available) our optional dinners in camp. You'll need cash for these items, as we don't accept checks or credit cards once the ride begins.
- Please settle your balance now, and don't leave it till check in. Any small balances due must be paid in cash at check-in.
- **Rental Tent Baggage Tags** If you are using one of our rental tents, you will get two PBV baggage tags per person at check-in with your tent number in bold numbers on each tag. Attach the tags securely to your two bags immediately. Place your bags inside your tent on Saturday. We will handle your two bags per person throughout the week.
- **Veterans, remove any previous PBV baggage tags, please.** We had a recurring baggage delivery problem last year, due to old tags on bags.

- **Baggage Tags for PBV Campers Using Their Own Tents** If you are in the majority of Porkers who are setting up your own tent in each Pork Campsite, you will be given two business-card-sized tags at check-in with a space for your name and cell phone number. Complete the information on the tags, and then attach these durable tags to your bags. In case your bag is lost (if you do a home stay, a hotel stay, or accidentally place your bags on the truck of a neighboring charter), it will be apparent to the finder that you are with our charter. The finder can call you immediately.
- **Your Own Baggage Tags** It's always a good idea to put your contact info on all of your bags. Make a point of putting tags with your name, address, and cell phone number on them. Suffice it to say that if the bag is somehow in the wrong spot before our tags get attached or after our tags have been removed, your own identifying tag will allow people to contact you without rifling through the contents of your bag.
- **Trucks Roll Daily at 7:00 Sharp** For those who set up their own tents, your two bags must be on our Stupidity Trailer by 7:00 a.m., when our first caravan rambles on to the next host town. For those renting tents from us, you must leave your two bags packed up inside your tent and be out by 7:00, because those tents are coming down. We don't wait. In five short hours, we have a lot of work to do. We'll be sending an update especially for Tent-Renters in this month.

### **Pork Maps and Other Ways to Find Us Daily**

- One of the unsung heroes of PBV is Pork Cartographer, Bob Rebach. Bob is completing our Host Town Maps, AND he will be with us this week as a PBV Weeklong Rider!
- Our maps have to be approved by each town, and sometimes that causes us to be delayed in getting them to you, but as early as we can, we will publish all eight final host-town maps in PDF format.
- You can download them, print, and laminate if you like. These maps will show you where our campsites are in relation to the bike routes into and out of town and other attractions in the host town. They will also give you the daily ride elevations and statistics.

### **PBV Locations Card**

- You'll receive this card at check-in, with all Pork locations listed on it, complete with addresses.
- Please carry this laminated card on your person or zip-tie it to your bike. Glance at before you ride into town.
- If you're looking for us in Estherville, you can ask a local person, "Where is Thoreson Park?" Don't search. Refer to your Pork Locations card. Ask a local whether you're headed in the right direction.

### **PBV Route Signs**

- Starting this year, PBV and all other charters are forbidden to post signage in the overnight towns.

### **PBV GPX Files**

- With the help of our friends at RAGBRAI, and with many offers of help from some of you guys, too, we are confident that these files will help riders get to camp, using their

Garmin or their smartphones. Be safe, please. It's no big deal if you have to pull over and orient yourself once or twice on your way to camp. We'll be waiting with all the feel-good stuff!

- We will host a PBV Town Hall, and we'll introduce some special members of our team who are helping us with the GPX files and ways to help you find us! The town hall is July 10, 7:00 PM Central.
- Soon, we will introduce you to long-time PBV rider Dan Leinbach, who has been tremendously helpful to us in creating our GPX files and making a plan to communicate well!

### **YOUR BEST BET FOR FINDING PORK CAMP**

- We will be working to make sure all of our tools for finding Pork Camp are on our Mobile App.
- Use the PBV GPX Files if you have a navigation device.
- Be sure to glance at our daily host town map, or snap a photo of tomorrow's map at our Front Desk (by 8:00 PM).
- We are creating QR Codes (to be posted and published everywhere we can think of) to help you access the GPX files.
- Carry your laminated PBV Locations Card, so that you can ask directions to our campsite if needed.
- Because of sketchy internet service, download the GPX files and screenshot our PBV maps and store them on your phone well before you need them.
- As you bike into town, it's so simple to ask a local volunteer, "Where is Thoreson Park, please? Am I headed in the right direction?"
- Don't ride without the **Pork Belly App for smartphones**, available to Android and iPhone users in App stores, and created by our App Developer Katy Fletcher.

### **“Lost” Baggage**

A word about claiming other people's baggage: It's so nice of you to grab their stuff, but do they know you're doing it? When someone else claims bags, the owner of the bags may engage our crew in a futile search for their “lost” belongings. (In the Pork Glossary of Terms, we refer to this as a “False Duffalarm.”). Please be sure that your friends and family know that you're helping them by claiming their bags.

**Our Midweek Shuttles** You'll find this section next, after The Week with PBV.

**Pork Sites** In our upcoming letter to everyone, “Our Week in the Corn,” we'll provide campground descriptions. For now, here are the addresses.

### **2025 PBV Campsite Locations**

#### **Orange City**

Landsmeer Golf Club, 902 7th St. N.E., Orange City, IA 51041

#### **Milford**

Memorial Park, 1310 17th St., Milford, IA 51351

**Estherville**

Thoreson Park, 1560 7th Ave. N, Estherville, IA 51334

**Forest City**

Heritage Park, 146 Johnson Ave., Forest City, IA 50436

**Iowa Falls**

Rock Run Elementary School, 710 North St., Iowa Falls, IA 50126

**Cedar Falls**

Police Officer's Memorial Park (part of Gateway Park) 120–244 N Roosevelt St., Cedar Falls, IA Gateway Park 50613

**Oelwein**

Wings Park Elementary School, 111 8th Ave. NE, Oelwein, IA 50662

**Guttenberg**

Lakeside Ballroom, 1202 N. 4th St., Guttenberg, IA 52052

**Pork Nights**

- We're planning great menus every night.
- We've told you a little about our entertainment, and soon we'll reveal all of the live music we've booked. It's shaping up to be a wonderful week.
- We will offer a meatless alternative entrée for all dinners, included and optional. We can make some accommodation for GF folks on all dinners, included and optional. We'll publish optional dinners soon, and all menus in Our Week in the Corn!
- Each day, come to our Front Desk and read our announcements/reminders. We will always include the menu and the timeframe when dinner will be served.
- Depending on your cycling mileage, our dinners may be served for a two-hour window between 5:00 and 7:00 PM on shorter cycling days or between 6:00 and 8:00 PM on longer cycling days. We serve for two full hours in order to accommodate everyone who is entitled to dinner.

**Food Vendors in Camp**

- We are arranging for **LOCAL breakfast vendors** to offer Grab-and-Go breakfast items beside our coffee trailer every morning from 4:30 to at least 7:00 AM. The most common items will be yogurt, hard-boiled eggs, muffins or donuts, bananas, and chocolate milk. Possibly instant oatmeal, cheese sticks, and/or granola bars. On most mornings, our vendor will offer hot breakfast items, too—such as a breakfast burrito or an egg casserole. You might need to get up early to score these hot items. The vendors can't do a lot of speculating on those. (Lots more about our breakfast vendors coming soon.)
- Our PBV riders are accustomed to getting something in their stomachs before they leave camp—perhaps getting them a bit further down the road before their first stop.

- We have lined up great **LOCAL all-day food vendors** to set up in camp, so you'll find something to eat when you ride in hungry from the road. Their wonderful offerings will be published soon.
- The cost of breakfast and lunch is not included in your Weeklong Support, but it is very convenient to have these options available right at your home base. In some cases, our vendors will have sandwiches, salads, sweets and snacks. When possible, they will continue vending through dinner and into the evening.

### **First Thing: Check the Boards and the COB!**

- When you ride into camp, **make a habit of checking our Announcement Boards** and the **Campground Orientation Board (the COB)** at the Front Desk for what's happening in camp tonight or tomorrow night.
- We have created the **Campground Orientation Board (the COB)**, a large diagram/map of our campsite with moveable magnetic pieces, to show you where to find all of our equipment each day: showers, kybos, vending, phone-charging, massage, catering, bike mechanics and everything else that PBV offers in camp.
- No need to stand in line in the hot sun, waiting to ask where things are!
- By all means, come to the Front Desk for a cold drink or to ask questions. But to find what you need in camp, you can go straight to our COB at the end of the Front Desk. Snap a photo of it! Then feel free to ask any questions!

**Yoga in Pork Camp** Your yoga teacher, Gracie, is planning Sunset Yoga this year, around 8:30 when things are winding down. This is a chance to relax your mind, stretch your muscles, and recover from your day on the bike. It also helps you avoid injury. Check the COB each day. We'll let you know when and where yoga will be happening each day.

**Entertainment on Stage** Please watch updates, watch the daily announcement board of PBV (near our front desk), and watch our notifications via the Pork Belly App. We'll let you know who is on stage each night. We're planning entertainment on seven nights, starting on Saturday in Orange City.

### **Baggage Limit**

- You get **two bag tags**, so plan on two duffels per person total, with tent and sleeping bag enclosed inside. A bag is defined as the stuff that fits inside the zipped bag.
- **Don't strap a bunch of stuff** to your bag—your stuff will come unstrapped. In fact, don't strap anything to a bag. Zip things inside your bags.
- Rule of thumb: If you can't **lift your bag above your head and count to three**, it's too heavy. Our baggage loading team will handle those bags fourteen times. Please be nice and pack sensibly.
- Those **Rubbermaid tubs will not hold up** to RAGBRAI, and we've seen the handles tear right off of suitcases. A soft no-nonsense canvas duffel bag is your best bet, one for camping gear and the other for clothing and toiletries. Remove any detachable straps.
- Several Porkers have offered suggestions for packing—they suggest putting each day's clothes into plastic bags (freezer bags or ziplock storage bags) inside your duffel. Dew on the grass can make your duffel damp, and packing clothing in ziplock bags keeps clean clothes nice and fresh.

- On YouTube, we hope you can find the how-to video of Brently and Marybeth Cooper of BBB Adventures. These veterans have excellent and logical suggestions on packing for RAGBRAI. They truly make it look easy.  
<https://www.youtube.com/watch?v=a4JIZsf1QE&feature=youtu.be>
- The clever Porker will mark his/her bags somehow-with colorful tape or even paint to make them easy to spot in our pile. Can you imagine how many black duffels we'll have? How many blue duffels? How many army-green duffels. Mark your bag.
- It's fine to bring a camp stool or chair if you can get one into your duffel and still lift it over your head.

### **Chairs and Camp Stools**

We'll have several hundred stackable chairs out under our canopies, and we'll spread blankets on the grass when there's music. You don't HAVE to bring your own chair or stool, but if you want to have your own seat when and where you want it, bring one.

### **PBV Suggested Packing List**

You'll find our Suggested Packing List under Details at [pkbelly.com](http://pkbelly.com).

[https://pkbelly.com/content/detail/suggested\\_packing\\_list](https://pkbelly.com/content/detail/suggested_packing_list)

**No Good Stuff** No good luggage, good clothes, good anything. See "Charging Trailers" below regarding laptops and iPads, but do remember that Iowa is a warm and humid place in the summer, not the best habitat for your valuable electronics. RAGBRAI is very hard on your belongings. Think jewelry, fine clothing, anything expensive. If you like it, leave it home.

### **Massage Therapists in Camp**

- PBV will have eleven talented massage therapists working in camp.
- The massage tent is usually near the shade canopies and the band stage.
- On Friday evening and all day Saturday in Orange City, you'll find our massage therapists in a convenient location near check-in, ready to take your appointments for the following six days, Sunday to Friday. Due to pre-bookings prime times have filled on some days, but they still have plenty of availability at this writing.
- If you would like to book appointments in advance (now), please use the Massage Request Form on the PBV Mobile App to contact Julie. She will want to know the days, the time of day, and the duration of the massage you request (30 minutes/60 minutes). Most of our therapists are women, but let her know if you have a preference, male or female.
- If you find that afternoons/evenings are full, try booking later evening appointments, so that you can go straight to bed after your relaxing massage.
- Please be certain that you'll remember and honor those appointments during your week in the corn.

### **Optional Tent Rental and Daily Set-Up**

This service sold out early in the season.

From 1:00 PM to 7:00 AM, enjoy your rental tent from Pork Belly Ventures.

We will publish an email update with all the info on tent rental, but here are two or three important points.

**The Tent Grid will be created soon, and after that all tent locations on the grid will be established. The address cards and baggage tags will be ordered.**

**If members of a group did not have their identical group names on their applications by the day when this work is done, we are not responsible for those members of the group being placed near each other or far from each other in Tent City.**

**Here's the agreement we make with tent-renters:**

- ***You may not enter Tent City until our crew is completely finished with their work.*** We aim for 1:00, but inclement weather and traffic problems can put us a little behind---not often, but it can happen. If you or your bike or your stuff get in the way of baggage delivery, you will slow down us down, and that's not allowed.
- Secondly, **your tent mate must be named on your PBV application and on your tent address card. *We must know the names of those who are using a tent.*** Please don't assume that you can have a roommate without informing us. We must know who is using each tent and how many bags will be in that tent. The address card includes the number of bags that belong in the tent. If you need to inform us about a tent mate, or if you have trouble logging in to add your tent mate's name, write to [bella@pkbelly.com](mailto:bella@pkbelly.com).
- Finally, you will find out your Tent City address when you reach Orange City Check-In.

## **PHAT Rooms**

We will be writing separately to our PHAT Room occupants about the details of their stay.

## **Your Daily Shower**

- On all eight days, Saturday through Saturday, weeklong Porkers wearing a Pork Bracelet are entitled to one or more showers. Your wristband admits you to the shower.
- Our showers will be within our campsites or on the edge of camp in every host town.
- You may take one fresh towel from us (and pay for an extra towel if you like) and return it to us on your way out the door.
- We provide liquid soap. The trailers are air-conditioned. You'll like this part of the Pork Infrastructure.
- Lines happen on RAGBRAI, and at busy times of the day you may wait a bit for a shower. In some spots, you might be able to sit under our shade canopy and watch till the line gets shorter. In some spots, you're better off jumping in and doing your waiting standing up.
- Here's what you can do to help with the wait situation. **DO NOT WASH YOUR CLOTHING IN THE SHOWER OR IN THE SINKS AT THE SHOWERS. Our crew has installed laundry sinks at the back of one of our shower trailers. This is the perfect spot for rinsing out your garments.**
- Outside our shower trailers, we have sinks for brushing teeth, shaving, and so on, we also have mirrors, electrical outlets, and a hair-dryer or two to lend.

- Showers will operate between Noon and 8:00 PM. Please note that dinner is served until 8:00 PM at the latest, friends. (On shorter cycling days, dinner finishes at 7:00.) Manage your time so that you can get your shower and enjoy any dinners to which you are entitled.
- On July 26<sup>th</sup> in Guttenberg, the showers are open until 2:00 PM.

### The PBV Sag Option

- A 56-passenger luxury motorcoach will carry any Pork Non-Riders and Pork Sagger from host town to host town, departing at 7:00 a.m.
- If you're sure that you want to sag on a day of RAGBRAI, you can reserve it in advance by emailing us... [kay@pkbelly.com](mailto:kay@pkbelly.com).
- We can sometimes make a second runs with the SAG bus, if there's a surprising demand
- **If you SAG, your baggage should still be transported by our baggage trailers**, but you can bring a **small shower bag on the SAG coach** so you don't need to wait for your bags to be unloaded when you get to camp.
- If during the week you want to sag, go to our front desk and ask about it. Bikes are hung on the Pass the Corn trailer. Make every effort to get your bike loaded the night before you sag. The price is \$30 per day, and the motor coach will be available to board before 7:00 am. It rolls at 7:00 am.
- Our Pass the Corn trailer is open during these hours: 2:00 to 4:00 PM, 6:00 to 8:00 PM, and 6:00 to 7:00 AM. If you SAG, you'll be able to claim your bicycle during these windows.
- You CAN reserve spots on the SAG on any day, if you're already sure that you won't ride. Write to [kay@pkbelly.com](mailto:kay@pkbelly.com). We have already heard from riders about taking a day off the bike.
- If for some reason you don't make your decision to sag until morning, **get your bike to Pass the Corn well before the 7:00 a.m. departure time**. Please ask the crew at Pass the Corn if we have any more space available. Our sag bike trailer makes only one trip. So get your bike loaded well before 7:00 a.m. (By morning, we may not have space on the coach.)
- Once a sagger arrives in camp, the rest of the day is yours for resting, recovering, getting a massage. Some of our massage therapists will be set up by 11:00 or noon.
- Do remember that our crew will be engaged in morning chores until noon. At noon, we serve a crew lunch, and then crew members take turns at the showers. Most of our services are available by noon.
- If you sag, take a small bag with your shower-necessaries on the coach with you, and claim your bike around 2:00 PM in our next campsite.
- Ours is a morning sag only, from host town to host town.
- Our Early-Finish Shuttles on Tuesday and Saturday are mentioned in the next section of this letter.

### Two Charging Trailers

- Charging can happen for most of the hours of the day, except when we're driving town to town. The trailers will open at 5:00 am and close at 10:00 pm. Charging continues when the trailers are closed (locked).

- Except when they're moving, the two charging trailers will always be plugged into a generator.
- The phone-sized cubicles are 6" wide and 8" deep. There are 720 of these in our main (white) trailer. The black trailer also has 80 of the phone-sized units.
- On our second trailer, the black one, there are more phone-sized cubicles, plus a bank of compartments that are 16" wide and 12" deep. These larger compartments can accommodate tablets and laptops. (But this is not best environment for your devices. It's humid. Ask yourself if you really need that laptop, or if you should let it stay home in the A/C.)
- Each cubicle has a standard duplex outlet. We do NOT have USB outlets on the charging trailers.
- See the COB each day, near our front desk, for the location of the charging trailers.
- Turn devices OFF while they are charging.
- **Bring Padlock for Charging.** The little luggage kind of padlock will work or something slightly larger. Big heavy ones for personal storage units are too big to fit.
- Be prepared to share your locking compartment with your companion. There are two outlets inside each locker.
- If you remove your devices from the trailer, take your padlock too.
- **Please do not lock an empty compartment. You may use a compartment each day, but you can't reserve a particular one for your use all week. Empty the compartment when you're done charging, please. We may remove (cut) locks from empty compartments.**
- There are places (not locking compartments) for charging larger things, too, like fans, lights, and the big CPAP batteries.
- ABOUT CAPACITY: We have more outlets than we ever imagined needing. And yet, people are bringing ever-more and ever-more devices to charge. We want you to be happy, but also be reasonable about what you charge each day. Perhaps bring a power-brick to charge, and juice up your devices in your tent. Please don't hog the outlets and compartments. Live Like a Pig!
- Every year, **we thank our Dad, the late-great Jim Phillips, our Pork Electrician.** Dad would be 93 on July 28th. For many years, he played a big role in building our charging towers, charging trailers, and wiring trailers for other electrical needs. *Thank you, Dad.*

### Charging E-Bike Batteries

- E-Bike Battery Charging is located at the front desk on the Roll With It trailer until 8:00 PM.
- E-Bike Battery Charging is also located near our PHAT Trailers, and this location is good for batteries that do not detach from bikes (and for detachable batteries) until 10:00 PM.
- Please make sure your name is on your battery and charger.
- Crew members will supervise charging at the Roll with It trailer, but the PHAT trailer area is self-serve.
- Please don't climb on board the Roll with It trailer yourself.
- You should get your battery charging as soon as you get in from your ride to give your battery time to charge. Please know how long it takes your battery to charge, and come back and claim it from our crew when it's done charging. We will need to make room

for others to charge up.

- **Claim your battery from our Roll With It by 8:00 PM.** We ask you not to disturb the Roll With It crew members who sleep on this trailer.
- Please do not use the phone-charging trailers for charging e-bike batteries.
- Similarly, please do not charge e-bike batteries in your PHAT room. This can negatively affect the generator that runs your air-conditioning.
- **WE PROHIBIT AFTER-MARKET BATTERIES THAT POSE A SAFETY HAZARD.**

### **Electronic Shifter Charging**

- Shifter batteries are becoming more popular. Charge these batteries in compartments on our two charging trailers.

**CPAP Machines** If you're thinking of bringing a CPAP machine on RAGBRAI, please write to [becca@pkbelly.com](mailto:becca@pkbelly.com) right away.

- We hope that no CPAP machines will have to be transported on baggage trailers. We want to keep your machines out of the rough-and-tumble of the baggage trailers.
- The CPAP machine should be enclosed in a latching case and marked with your name. We appreciate any bright markings—colored duct tape, for instance—to help our crew identify your case.
- CPAP machines are transported on Roll with It, our Front Desk trailer.
- Never board the trailer yourself. Hand your machine to a crew member and get it back from a crew member.
- You may bring your machine to this trailer and give it to a crew member before 7:00 AM. You may claim your machine from the crew on our Front Desk Trailer before 8:00 PM.
- You will have more flexibility on where to camp if you have a battery for your CPAP machine. Batteries can be charged during the day.
- Without the battery, you would be very limited on where you camp (not in a rental tent).
- Again, write to [Becca@pkbelly.com](mailto:Becca@pkbelly.com) for the complete info on using your CPAP machine during RAGBRAI.

### **Medications That Need Refrigeration**

- On the “Roll With It” Trailer (at our Front Desk), we have a small refrigerator for keeping meds cold.
- Your medicine should be as small as it can be and clearly labeled with your name.
- Give the meds to our crew. Don't board the trailer yourself, please.
- Bring or retrieve meds during these hours: 5:30 to 7:00 a.m. or between 1:00 and 8:00 p.m.
- Never wake our crew on the Roll With It trailer between the hours of 8:00 PM and 6:00 AM.

### **Other PBV Thingys (Equipment)**

- **The Pump Thingy**, an air compressor with a manifold and pressure regulator for inflating your bike tires, will always be right near the charging trailers. In the morning, one of our mechanics will man the pump, so you can just walk by with your valve stems unscrewed and get pumped up.

- Of course, the Shower Thingy or **Water Thingy**, a Formica table with five spigots and a mirror, will also be available to you afternoons and mornings until 7:00 AM.

### **Restrooms and Hand-Sanitizing**

- You'll love **our restroom trailer**—a popular thingy, with twelve flushing porcelain fixtures, six toilet stalls and six urinals. Some people call it the Six-Pack and others call it the Royal Flush. It is lighted at night with bulbs that don't attract insects. This trailer also features vent fans, hand-sanitizer in each stall, and the sinks up front. At times, a bank of kybos may be closer and more convenient for you, but much of the time, you'll enjoy the use of this trailer.
- Again this year, **PBV is contracting for kybos** during the week of RAGBRAI, about thirty in each campsite. There may be other banks of kybos nearby, and there may also be fixed restroom facilities in a park.

**Hotel Stays.** We will send everyone using our hotel stays a separate update with clear instructions. Please stand by for that.

**Nights Away from Camp** Some of you will use our hotel stays and/or opportunities to sleep indoors. If you are renting our tent, you can leave things in that tent overnight, when you are not camping. If you are using your own tent, then you may wish to load one of your duffel bags on our baggage truck before you go off to your overnight location with a single duffel.

**IMPORTANT:** Just remember that you won't have access to that bag when you return in the morning—it will be buried under a mountain of Pork Baggage. Make sure you have your bedroll, jammies, toothbrush, and tomorrow's cycling stuff before we load that duffel.

**Once We Load It, It's Gone.** To re-emphasize this point about baggage, please be sure that you have everything you need for the day's ride **BEFORE** you hand over your bags for loading on the Stupidity trailer. In a matter of seconds, your bag will be buried under a world of other bags. Before you hand over that bag to our strong loader-guys, do a check of your body. Look at your feet. Wearing cycling shoes? Feel your head. Got those sunglasses. Check your pockets. Got that wallet? Where is your helmet? Once we load it, it's gone.

### **Lost Property and How Not to Lose It**

- You are responsible for your property, handing it to our truck-loaders, locking up your bikes overnight (see below), and keeping track of your stuff.
- *Do things ever get lost?* They do, but it's usually temporary, and often it happens when somebody doesn't follow our instructions.
- One of our semi-trailers is adorned with the words, "It's not so much the HEAT. It's the Stupidity." That's your trailer for baggage in the morning if you're bringing your own tent. Don't make the mistake of tossing your bags onto the truck of some neighboring charter. This leads to head-scratching in the afternoon.
- In the morning on and around the Stupidity trailer, there will always be about eight strong crew members, and you'll get to know them. If there's any doubt, look for the word "Stupidity" and ask "Is this the Stupidity Trailer?"
- If in doubt, ask the loaders, "Is this a trailer for Pork Belly baggage?"

- **Be sure the bag you drag into your tent is your own.** Oh, the problems caused by people taking each other's bags!
- Please claim your bags daily. Don't assume that someone will re-load your bags if you don't claim them. They won't.
- For lost items, try our lost-and-found box on the Live Like a Pig trailer. There is usually a separate Tent City Lost and Found, for items left inside rental tents. There is also a lost and found for the shower trailers. You might check and see if something has been turned in at the front desk, too. (We often keep the valuable stuff at the Front Desk, or we give it to Pete.) It may not be necessary to say this, but please know that it's not acceptable to "go shopping" in the lost and found. We want things to get back to their rightful owners.
- If you sag, claim your bike that day in our next campsite.
- If you leave the ride midweek, do not leave a doggone thing with us.
- If you spend the night elsewhere, make sure any bags you're leaving behind are placed on the appropriate trailer (or left inside your rental tent) before you go off to spend the night in your hotel, host home, or whatever.
- When you shower, check the hooks in your dressing area and the little shelves in the shower stall before you leave the shower trailer.
- We are not responsible for items that are lost or stolen, whether in camp, your tent, or a rental tent.
- You are responsible for your property. We are not.

### **Bike Locks**

- Whether or not to lock your bike is up to you. We recommend locking bikes in camp.
- One cable lock will do for two or three bikes.
- Overnight, lock your bike to something stationary, or lock a few bikes together. At the very least, lock the bike to itself, running your cable through the frame and wheels so the bike is not ride-able.
- Don't take our word for it, but many people tell us it is not necessary to carry your bike lock during the day. We hear reports that you can lay your bike on the grass in a pass-through town, go eat some pancakes, and find the bike waiting for you when you come back.
- If you have a super expensive, high-end bike, you obviously need to think further about this.

**Pork Wear** Be a Proud Porker and wear Pork Apparel from this year or previous years. Wear it anytime. And these are our special days:

- **Ugly Tie Thursday:** On Thursday, many of our crew members will wear hideous polyester ties. Bow ties, the full Windsor knot, or whatever: but it must be ugly. The Thursday ugly-tie tradition has something to do with Tom McCoy. You're welcome to bring an ugly tie of your own and wear it on Thursday in Ottumwa.
- **Aloha Friday:** Sad to say Aloha, but flowered shirts make everybody happy. Anything tropical qualifies: grass skirts, loud shorts, coconut bras, sarongs, pareaus. We'll wear Aloha Attire at our Farewell Supper on Friday in Oelwein. Join us!
- **Wear Pork Belly Shirts and Jerseys anytime!**

### **Midweek Laundry Service**

- This is an extra for which you can sign up at check-in in Orange City, and the price is \$30.
- When you sign up, we'll give you a tall kitchen trash bag with your name on it.
- On Tuesday afternoon, turn over your dirty duds.
- We hire an auxiliary crew for this big job. They will dominate some large laundromats, handle hundreds of loads of astonishingly smelly clothes, fold it all, give it back clean and fragrant.
- Please note that we'll wash everything on Cold, dry everything on Medium. The only special request we can handle is "Don't Dry Lycra," in which case your bike shorts and jerseys will be placed damp into a separate bag inside your clean laundry bag.
- With so many loads to wash, we don't have time to go through your pockets. Your wallets, cash, chapstick, and ball-point pens will be placed in your clean bag in a little ziplock.
- Save your clothes from grease and stains. Empty those pockets, and enjoy the happiness of clean, fresh, folded clothes on Wednesday afternoon.
- We have a system. Your things are not washed or dried with other people's things. But we can't take a lot of time writing emails about how we do this. If you're skeptical, just bring clothes for the whole week.

### **Our Cell Phones During RAGBRAI**

- During RAGBRAI, we use our cell phones to make calls. We'll call caterers, city employees, our hosts, and our crew chiefs to make sure everything goes right in our campsites.
- **We cannot keep up with incoming calls and texts during RAGBRAI.** Being focused on doing the job we've promised you means not being focused on our phones.
- Please know in advance that we make no commitment to respond to phone calls or texts (or emails) during the week of RAGBRAI. Our inboxes will fill up and stay full. If you can avoid it, please don't text us during the ride.

## **Shortening Your Days:** **Cut Your Tuesday and Saturday Mileage in Half.**

We are well over half full on our limited-capacity Early-Finish Shuttles that shorten longer and hillier days of RAGBRAI. Each of these shuttles has a max capacity of 112-132 passengers:

- Departing Bancroft to Forest City at about 1:30, saving you approximately half of your 72 Tuesday miles, about 10 seats available at this writing.
- Departing Edgewood to Guttenberg at about 10:45 or 11:00 PM, saving you approximately half of your 61 hilly Saturday miles, quite a few seats available.

We must hire an additional coach to provide these options. The cost per person is \$60 pp.

These shuttles can be reserved on your PBV application. Login, click EDIT, and select your Early-Finish Shuttle/s. SAVE and make payment.

We will publish maps of our early-finish locations in Bancroft and in Edgewood. They are very convenient locations.

OUR EXIT SHUTTLES  
Tuesday and Wednesday Afternoons

- We are not able to taxi riders to various locations in the middle of RAGBRAI. We CAN take you on our exit shuttles to one hotel at the Des Moines airport, where you could rent a car or catch a flight.
- On Tuesday, 7/22, Pork Belly Ventures has a block of rooms reserved at the Des Moines Holiday Inn at 6111 Fleur Drive. If you are using a midweek shuttle and would like to take advantage of our room blocks and rate, call (515) 285-5180 and mention Pork Belly Ventures for a reservation.

If you need to leave RAGBRAI for any reason, our exit shuttles on Tuesday and Wednesday are our best chance to help you!

**“Enter Shuttle” on Tuesday, Des Moines airport to Forest City**

- Shuttle operates on Tuesday afternoon, July 22.
- Shuttle originates from the Holiday Inn Conference Center at 6111 Fleur Drive, near the Des Moines airport.
- In the parking lot of the Holiday Inn, we will load bikes for about 30 minutes prior to departure, from about 2:00 to 2:30 pm.
- We depart from the Des Moines Airport AmericInn hotel at 2:30 p.m.
- We arrive at Heritage Park, our Forest City campsite, at about 4:45 pm.
- Riders may check in for partial-week support at our front desk, or head off to find their campground or charter. There’s a shuttle stop at our campsite.
- Price: \$130 per passenger, bike and baggage transport included.

**“Exit Shuttle” on Tuesday, Forest City campsite to Des Moines airport hotel**

- Shuttle operates on Tuesday late afternoon, July 22
- Shuttle originates at our Tuesday campsite, Heritage Park in Forest City.
- At our campsite, we will gather bikes for loading, from about 4:00 on.
- Coach will arrive at about 4:45 p.m.—please allow passengers to disembark.
- We will board the coach and depart at 5:00 p.m. for the Holiday Inn Conference Center at 6111 Fleur Drive, near the Des Moines airport.
- It’s a 2+-hour trip.
- We arrive at Holiday Inn about 7:15 p.m.
- Hotel Stays at Hoiday Inn in Des Moines: Pork Belly Ventures has a block of rooms reserved. To take advantage of our rate, call (515) 285-5180 and mention Pork Belly Ventures.
- Price: \$131 per passenger, bike and baggage transport included.

**“Exit Shuttle” on Wednesday, Iowa Falls campsite to Des Moines airport hotel**

- Shuttle operates on Wednesday, July 24, with 4:30 departure
- Shuttle originates at our Wednesday campsite, Rock Run Elementary School in Iowa Falls.
- At our campsite, we will gather bikes for loading, from about 4:00 on.
- At 4:30, we will board the coach and depart for the Des Moines airport Holiday Inn hotel parking lot, 6111 Fleur Drive, Des Moines Iowa.
- Price: \$115 per passenger, bike and baggage transport included.

If you need to leave RAGBRAI for any reason, our exit shuttles on Tuesday and Wednesday are our best chance to help you. We are tighter on space Tuesday than we are on Wednesday. These shuttles can be used by riders on our support or any rider on RAGBRAI.

### **Emergency Exits from RAGBRAI**

- The best opportunity for exiting RAGBRAI (whether or not you are with PBV for the week) is to take one of our Exit Shuttles on Tuesday or Wednesday. We realize you can't plan your emergency! But if you're aware of a problem early in the week, consider using our SAG for a day, and then using an exit shuttle on Tuesday or Wednesday afternoon to the Des Moines airport, where you can rent a car or catch a flight.
- We are committed to providing service for our weeklong riders throughout the week, and generally, we need our entire crew and fleet of vehicles to accomplish each day's work.
- But should you or one of your companions have an emergency during RAGBRAI, please speak to me, Tammy, about finding other resources to help you. Sometimes this involves contacting one of our non-profit friends in an overnight town. Riders can sometimes make a donation to a non-profit in exchange for a lift from a volunteer to the nearest airport, hotel, or car rental location.
- We want to help, and we'll do what we can to assist you.
- Knocking on wood. Let's hope it's a RAGBRAI without these kinds of emergencies.

### **LAST DAY OF RAGBRAI**

#### **Location in Guttenberg**

- Your final day of cycling is about 62 miles with about 2340 feet of climb (you'll have 2-3 flat miles from the dip site to reach PBV's staging area).
- We will provide a map of Guttenberg soon, showing our location at Lakeside Ballroom, 1202 N. 4th St., Guttenberg, IA 52052.
- When you reach tiny Guttenberg, you will be routed past the site where you can dip your front tire in the Mississippi River and then FOLLOW OUR SIGNS, and ride north on flat streets, along the river (through some residential areas) to our staging area.
- Our bus-staging and bike-loading area is **on the street in front of Lakeside Ballroom**.
- Showers will operate in our staging area, and a food vendor will be set up outdoors—also, the ballroom will be serving food and drink inside.

#### **PLAN THIS DAY.**

- You have 62 hilly miles to ride today, plus 2-3 more to our staging area. Please bear in mind these things as you ride.

- On the last day, everyone has a schedule to keep, so make your stops for hydration and food, for a stretch and a rest... but don't get sidetracked at the stops along the route or at the river.
- Get into our staging area in plenty of time for your chores. Do you need help packaging your bike for air travel? More on this below. Get the bike loaded where it belongs, shower, grab some food for the coach, load up your bags, and climb aboard.
- SEE BELOW: "Chores You'll Do In Guttenberg."

### **Shuttle Departure Times and Destinations**

We operate three airport shuttles on the last day:

- 1:00 PM departure (1 coach) to the Quad Cities International Airport, two hours away on a good day. We drop everyone at the departures area of the Quad Cities airport. From here, you can go to car rentals, take a shuttle to your airport hotel, or go directly to the gates.
- 2:30 PM departure (2 coaches) to the Quad Cities International Airport, two hours away on a good day; however, this will be peak traffic time. Plan for a little slow down on our way out of Guttenberg. We drop everyone at the departures area of the Quad Cities airport. From here, you can go to car rentals, take a shuttle to your airport hotel, or go directly to the gates.
- 3:00 PM departure (5 coaches) to the Omaha International Airport (6 hours on a good day). We drop everyone in the parking lot of the Candlewood Suites hotel (next door to the Best Western Plus) very near the Omaha airport.
- 3:15 PM departure (3 coaches) to the Des Moines International Airport (3.5 hours on a good day), three coaches. We drop everyone in the parking lot of the Holiday Inn at 6111 Fleur Drive, quite near the airport
- For all post-RAGBRAI shuttles, baggage goes under your coach, and bikes are loaded on the appropriate trailer.

### **In Order to Shuttle to PBV on the Last Day**

- Guttenberg will be running shuttles to us at Lakeside Ballroom, and their shuttle route is noted on our map of Guttenberg, to be published in July.
- Most shuttles can accommodate people and bags—but we are not sure they can transport bikes.
- Those who are shipping bikes with PBV can ride directly to Lakeside Ballroom and shuttle back to the dip site area or other places for their baggage.

### **Chores You'll Need to Do in Guttenberg on the Last Day**

- It's usually wise to come to our front desk, look at the COB, ask your questions, and allow us to direct you.
- Some people will ride directly to their car, load their bikes on their cars, then collect their bags at our staging area. They'll grab a shower and a bite to eat, and be on their way.
- Some folks need time to **claim bike-shipping containers** and pack up bikes for shipping or airline travel before catching one of our shuttles. Crew members will be on hand to help you find YOUR container. Don't take someone else's cardboard box, which may fit their bike perfectly. We will have some extra boxes, too.

- Some folks need help packaging their bikes for air travel. You must contact [pete@pkbelly.com](mailto:pete@pkbelly.com) to sign up for the service in advance. It's \$100, and we will be prepared to serve those who are on our list.
- Some need to **load bikes**, boxed up or not, on the appropriate trailer for transport with our shuttles to Quad Cities, Des Moines, or Omaha airports.
- Most people will want a shower before taking off in their car or on a shuttle.
- Plenty of folks will be hungry sometime during this process and will find something to eat with our food vendors (indoors and outside on the street) who will be ready to serve you.
- Remember to allow time for your chores and be ready to board your coach about 20 minutes before departure.
- Showers are open until 2:00 PM.
- Ask for help. Our crew will be all over the site, happy to help you find what you need.

### **Process for Bus Departure Check-in**

- This year is different, in that all coaches for a given destination will depart at the same time. Quad Cities is 1:00 and 2:30. Omaha is 3:00. Des Moines is 3:15.
- We want to find your name on the appropriate bus roster and check you off. Then you are responsible to do your chores and be ready to board at your appointed time.
- Like any other day, **use the COB**. Our Campground Orientation Board, located at one end of our Front Desk, has answers to many questions. We have special magnetic pieces for this day only, showing where baggage is located, particularly if you've been using a rental tent or a PHAT Room all week. The COB will show you locations of bike trailers going to different airports. And the usual symbols for showers, food, and more will help you find what you need. Look first to the COB and then turn to us—we'll be right there at the Front Desk to help you!
- We'll point out where things are and to which bike truck you should take your bike. Other crew members in camp can direct you, too.
- If you feel like you're running late and worried about making your shuttle, forget the COB and ask for our help.

### **Ways of Dealing with Your Bike, FIRST THING!**

- Take care of your bike first, in one way or another—keep reading.
- Early on Saturday, our crew will unload all bike cases and bike boxes that we have stored during the week. You can claim your case or box in Guttenberg at Lakeside Ballroom.
- If you need assistance packaging your bike for air travel, allow plenty of time, and get this handled immediately on your arrival to our staging area. (You need to sign up in advance for this service, \$100.)
- If you can package your bike yourself for air travel, get this done quickly and take your bike to the appropriate trailer for your shuttle. Trailers will be signed.
- Have you purchased bike shipping to send your bike home with BikeFlights? Produce your return shipping label (from your duffel bag?), and then claim your shipping container and hand off your bike for shipping at the appropriate trailer. Trailers will be signed.

- If you pack your own bike for shipping, affix your shipping label and take your bike to our UPS trailer in our Guttenberg staging area at Lakeside Ballroom.
- Is your unboxed bike being transported on a shuttle? See your bike tagged with your name and loaded on the appropriate trailer for your shuttle. Trailers will be signed.

### **After the Bike, What's Next?**

- If you're so inclined, drop a tip in the special coffee can or pickle jar designated for crew appreciation.
- Shower, grab a bite from our wonderful vendors, and celebrate your completion of RAGBRAI!
- Keep track of the time.
- Board your coach on time.
- Our crew will be around to guide you, every step of the way.
- If you're running late for one of our shuttles, come straight to the front desk and ask us for help.
- As you leave Oelwein on Saturday morning, remember that this to-do list is waiting for you in Guttenberg. Plan this day.

### **Shipping Bikes Home**

- Bike shipping is available until 5:00 PM on July 26<sup>th</sup>. We will not extend our hours, so manage your time on the last day of RAGBRAI.
- If you're not with PBV during the week of RAGBRAI, and if you DO need to ship your bike with us after RAGBRAI, ride straight to our location at Lakeside Ballroom. (By then, you'll have our map.) After you've dealt with your bike, you will be able to shuttle elsewhere in Guttenberg, using the town's shuttle system.
- If you have ordered your shipping label online at BikeFlights.com, it will be emailed to you. Print it and pack it.
- Don't count on purchasing shipping labels during the week or in Guttenberg. Internet connections are very unreliable.
- A UPS trailer will stage in or near our staging area in Guttenberg to receive boxed bikes and other parcels that are ready to ship on the day.
- As ever, we will have your flattened bike boxes, extra cardboard bike boxes for the taking, your bike bags and your hard-shell bike cases in camp at Guttenberg on the last day.
- We'll have tape, extra cardboard boxes, and markers.

### **OPTIONS FOR SHIPPING or FLYING BIKES HOME:**

Some of this is repeat info, but it may clarify options for those who haven't read all the updates.

- **The first option for shipping your bike home** is to box it yourself in Guttenberg, affix your shipping label, and hand the package over to our crew to load onto a UPS trailer immediately. Our bike mechanics will have some tools that you may borrow. This option requires no additional payment and includes very little assistance from our bike mechanics, but it is a great option for those who are accustomed to working on their own bikes.

- **The second option for shipping your bike home** allows you to turn your bike, your shipping container, and your return-shipping label over to our crew or the bike mechanics for return shipping. Some bikes will be packed up on site in Guttenberg. Others will be transported safely to an air-conditioned shop, where our mechanics will package your bike for shipping. This option costs an additional \$100, payable in advance. You have selected this packaging option when you purchased your outbound shipping at Bikeflights.com, or you can write to us and send payment for packaging between now and RAGBRAI. You can expect your parcel to enter the UPS system after RAGBRAI, by Tuesday, July 29.
- **Packing your bike for Air Travel: This task is more urgent, as all bikes will need to be packaged by your shuttle departure time.** Anyone who needs assistance and must package his/her bike on the last day of RAGBRAI in Guttenberg for airline travel Omaha, Des Moines, or Quad Cities airports, please write to [pete@pkbelly.com](mailto:pete@pkbelly.com) now and order this service. We need to know about it right away. The price is \$100. Remember to avail yourself of this service well before 1:30 p.m.
- For anyone **who ships bikes to/from Iowa by some means other than bikeflights.com**, we charge an \$80 fee for providing the “ground game” at RAGBRAI. That’s \$40 each way. Contact Pete for our shipping address and to have this service added to your registration.

### **Bike Shipping Outside PBV**

For those who are shipping bikes to/from RAGBRAI but are not using the services of Pork Belly Ventures during the week--your shipping containers, bike mechanics, and all bike-shipping services will be in our Guttenberg staging area at Lakeside Ballroom. We will publish maps soon. Ride directly to us, handle your bike shipping, and then shuttle to other locations in Guttenberg. We will be on site until 5:00 PM.

**Bike Transport** Bike Transport is included with all PBV post-RAGBRAI shuttles. At our Front Desk, ask which truck is going to Quad Cities, to Des Moines, and to Omaha. You’ll take your bike to the appropriate truck, and our crew will load it.

### **Lag Time for Bike Truck on Omaha Shuttle**

All bags and bikes will be unloaded outside the Candlewood Suites hotel on the evening of the 26th. Claim all of your possessions that night. We will unload bikes on a field out behind the Best Western Plus hotel, also very close to Candlewood.

Bike trucks will depart Guttenberg when they are full. The departure and arrival times of bike trucks/trailers will not necessarily coincide with the departure and arrival times of our buses. Plan to watch for the arrival of bike trucks/trailers in the field behind Best Western Plus. We will unload safely, as fast as we can. Bikes must be claimed on Saturday night, the 26th.

Airtags in your bike box or case (or attached to your bike) will allow you to gauge when your bike will arrive in Omaha.

**DO NOT CALL OMAHA HOTEL STAFF AND REQUIRE THEM TO CLAIM YOUR BIKES. THIS IS NOT THEIR JOB.** We are astonished that this has happened.

**If we're saying farewell in Guttenberg**, remember to claim your bags before we clear out of town at 3:30 or shortly thereafter. We will be on site—just a few last crew members—until 5:00, when bike shipping is finished. Any remaining duffels will be placed in a likely area of the parking lot. (This is what RAGBRAI does with unclaimed baggage.) Before we depart town, we will call cell phone numbers on the baggage tags of bags left in our area. If you have any trouble finding them, check your phone messages, please.

### BETWEEN NOW AND RAGBRAI

**Optional Suppers in Camp.** Watch for our update on your optional dinners. We don't expect our caterers to speculate on how many people may change their minds during RAGBRAI. The time to order is when you see the update!

**Detail Form** Still, some people haven't completed this form. We know you're busy, but please login and complete your Detail Form with your six-digit RAGBRAI registration number (coming to you on June 16) and other info. It must be completed for each rider. Instructions appear at the top of this letter.

**July Contact with PBV** Please be willing to read for your answers, folks.

In July, we'll be trying to answer over 200 new emails every day. This makes it difficult to even find the emails from our caterers, musicians, hosts, and food vendors. Sorry to be so direct, but in July we will be past the point where you can type a list of questions in an email and expect typed answers in return. But if you need to email a question...

It's a good idea to email both of us: [tammy@pkbelly.com](mailto:tammy@pkbelly.com) and [pete@pkbelly.com](mailto:pete@pkbelly.com) going forward. We check email quite a bit, but we can get behind on phone messages. Tammy's home phone is **712/328-0161** and cell is **808- 375-8921**. Pete is at **402-681-2613** (cell).

We have asked some other crew members (Becca, Kay, Dave, Bella, Grace) to handle aspects of our charter. They cannot answer your long list of questions either. If you don't find answers in this letter, please address them to Tammy or to Pete.

**Pork Belly Ventures Cancellation Policy** Before June 15th, you could cancel part or all of your PBV services and receive a 90% refund. We have reminded everyone of our cancellation policy in many of our email updates. The entire policy is always posted at the top of our home page under "Cancellation." **On or after the 15th of June, we make no refunds.** See Cancellation Protection below.

**Pork Belly Ventures Cancellation Protection** If you took this option when you registered for our services, then you have extended your 90% refund period from June 15th through July 16th at 10:00 p.m. You can click on "Cancellation" at [pkbelly.com](http://pkbelly.com) to read more.

**Cancel by Email** If you cancel, please notify us by email so we can see the date and time that you notified us. Please don't leave a phone message. (If you have our protection and cancel

before July 16<sup>th</sup>, you may have a refund coming—so please include an address where we may mail your refund check.). It's important for us to notify two or more members of our team when someone cancels at this point in the season, and email allows us to do that.

**The Pork Belly Smartphone App** Go to your app store and use search words "Pork Belly Mobile App" to download our FREE app. The App has become one of the BEST ways of keeping current on RAGBRAI info, PBV information, and host-town info-- thanks to the diligent work of Katy Fletcher, our app developer. On the app, you can access all PBV email updates of the 2025 season. RAGBRAI announcements are at your fingertips. Rider route maps and PBV Host town maps are very popular features. **And BEST OF ALL, daily notices during RAGBRAI, letting you know What's Waiting for You in Pork Camp Today!** The app is available to any RAGBRAI rider.

**Questions** Things are going well, Friends. We want to help you, even late in the season. However, we will only get busier over the coming weeks. RAGBRAI itself is invigorating and wonderful. As we often say, we'd rather dig a ditch than go through the weeks prior to RAGBRAI, but we don't have that choice ☺. Our To-Do lists are long, and it can become tough to respond to your questions. Read your June Letter first, and then call or email Tammy with any questions—sooner is better. We'll do our best. (Questions about bike shipping should go to Pete.)

## **MAKE PAYMENT**

- Full payment has been due since May 15th, and thanks very much if you've taken care of it.
- July is too late to mail a check. We're too busy to keep up with recording, even if the mail is pretty timely. In July, you should login and pay by credit card.

## **Massage**

- We have eleven therapists on our team, and if you'd like to book appointments early, please write to Julie at [pbvmassage@gmail.com](mailto:pbvmassage@gmail.com). Julie is managing the appointment book for our therapists. Full disclosure: she has been taking appointments for months, and prime-times may be scarce.
- You pay your therapist directly.
- Do take these appointments seriously. Remember them, and keep your appointments with our therapists. If you're sure you can do that, book away!

## **Email Updates**

- From here on in, it's getting more important that you receive and read some of these updates. Delete what does not apply to you.
- Our Mobile App keeps track of updates for you, with a handy archive at your fingertips.
- If you realize that you're not getting our updates, write to [pete@pkbelly.com](mailto:pete@pkbelly.com) or [tammy@pkbelly.com](mailto:tammy@pkbelly.com) to get on our distribution list. Spam filters make it tough sometimes.
- In July, updates will include the host town maps showing our campsite locations, bus assignments and departure times, and anything else that comes up!

## PREPARING/PROTECTING YOUR BIKE FOR TRUCK TRANSPORT

This info is available at our website, but we want the June Letter to be your complete guide to PBV. Here it is again.

**NOTE: PORK BELLY VENTURES DOES NOT ACCEPT RESPONSIBILITY FOR DAMAGE TO BIKES THAT ARE NOT FULLY BOXED.**

When transporting bikes on trucks, we've had only two mishaps in over 20 years--truck contents shifted and gouged the top tube of a beautiful, completely unprotected bike. Somehow, another nice bike got scratched in transit. Since then, we have recommended that all Porkers fully box bikes for truck transport. Keep reading.

**ALSO NOTE: CARBON OR COMPOSITE WHEELS CAN BE DAMAGED BY HANGING AN UNBOXED BIKE FOR TRANSPORT.** If you have carbon wheels, it's your responsibility to see that it's loaded properly by doing these things:

- Contact Dave Kennedy now at [dave@pkbelly.com](mailto:dave@pkbelly.com) and let him know about your wheels.
- Prepare a large handlebar tag for your bike that says "DON'T HANG THIS BIKE." Present the bike for loading with your tag on the bars.
- Remind us again at the time of bike-loading so that we will load your bike without hanging it.

### **Hanging System and Other Methods for Transporting Bikes**

If for some reason fully boxing isn't possible for you, then here are some suggestions.

- At any hardware store, you can buy cheap pipe insulation to protect your frame's tubing.
- Tape it on the main triangle---top tube, down tube, and seat tube, forks, and chainstays.
- Cover your rear derailleur and other fragile components.
- Remove the computer or other accessories from your handlebars and frame.

Experience tells us that, in spite of our recommendation and because of limited car space, those of you on the East/West Shuttle will bring unboxed bikes to Guttenberg for transport on our trucks. Consequently, our semi trailers will be outfitted to transport bikes in various ways:

- to hang unboxed bikes in rows--they're hung by a wheel, with the opposite wheel secured to D-rings in the truck floor by bungee cord
- to wall off bikes with cardboard
- to tie off bikes to the walls of the trailer
- to carry boxed bikes and boxed tandems, unboxed tandems, trikes, recumbents, trailers, and whatever you plan to ride across Iowa!

Please take the above precautions to protect your frame and components. On your June Form, there's a place to note the type of bike we will be transporting for you, and whether it will be boxed or unboxed.

**If you fly your bike to Omaha or to Des Moines**, please do not take it out of the box until we've trucked it to Orange City.

**If you drive your bike to Omaha**, you may not have car space for carrying boxed bikes. In Omaha, we'll have buses and trucks (not always semis) departing throughout the day. Though these trucks may not be outfitted to hang unboxed bikes, our crew will carefully load both boxed and unboxed bikes. We urge you to take the above precautions, protecting your frame and components, if you plan to give us an unboxed bike.

For our return to Omaha at the end of RAGBRAI, we'll have a semi outfitted to hang unboxed bikes, and other trailers for boxed ones, tandems, and recumbents.

Bottom line, we'll load your bike in whatever condition you like, but if it's not in a box, we assume no responsibility for damage.

Finally, if you take our advice and use pipe insulation or other packing material, plan to store it either in your hard shell bike case or in your duffel. We can't store it loose on our trucks. All bike boxes should be flattened for weeklong storage.

---

Thanks for hanging on to your June Letter, Friends, and for referring to it over the coming weeks. We will publish an update soon with All the Fun Stuff! We're rolling downhill now, toward Our Week in the Corn.

Until next time, we remain,

Your friends,

Tammy and Pete
