Catch the Wave of Pocket Cruising on the Malbec 18

The harmonic lines, and performance hard-chine hull shape, provides
for a wonderful lightweight and responsive easy and exciting to sail e pocket cruiser.
Her hull speed will surprise you. She is a joy behold on the water,
A pleasure to transport on her custom trailer.
Light weight and easy to tow with a four cylinder automobile.
She is Simply an Elegant Modern Classic,
comfortable in lakes bays and coastal cruising and certainly at home in the Club Racing Circuit.
The Malbec 18 is crafted **in America** at our corporate manufacturing facility in Paso Robles Ca . She is a handmade quality watercraft with attention to detail, incorporating the best materials available. Brand name sails, rigging, and hardware. Our sail program is complete with multi size head sails and optional downwind asymmetrical spinnaker. We have an ability to customize the Malbec 18 to your requirements. Our option list is extensive . We like to say that less is more when it comes to sailing. The feel of the wind and the responsiveness of the tiller puts you at the command of your personal adventure.
