Westborough Select Board acknowledges the current humanitarian & armed crisis in Ukraine. We want to support our Ukrainian-American friends and neighbors during these uncertain times. As a gesture of support for the Ukrainian community, the Westborough Town Hall clock will be lit up in blue and yellow.

Also, if the impact of this crisis is causing emotional distress for you or a loved one—or if you want information about how to talk to children about these events, please reach out to Westborough Youth and Family Services for support at 508-366-3090.
