

Survey re: Establishing a Prison Library Committee

Hello SLA member,

We need your feedback!

As you may know, the association is exploring the establishment of a *Prison Library Committee*. A small group has met as a subcommittee of the Advocacy Committee to engage in early discussion. The need for library and information access for incarcerated individuals in our province is dire. SLA would like to help.

We are asking for your feedback in this [short, two-minute, survey](#).

Obtaining your feedback is a key step in the development of the committee and will help us explore and identify:

- The feasibility of establishing this committee,
- Interest among the membership in the committee and prison libraries, and
- Any existing efforts among the membership to assist incarcerated individuals.

We would please ask that you respond to [survey](#) by Thursday, March 31st. Please feel free to share the survey widely with any staff, colleagues, or team members.

Thank you,

Dorothea

*(Sent on behalf of the Prison Library Subcommittee)*
