Saskatchewan Libraries Conference Planning 2022:
Save the Dates May 4 - 6, 2022

The Saskatchewan Libraries Conference planning is underway for an in-person conference at the Hotel Saskatchewan, 2125 Victoria Ave., Regina, SK S4P 0S3.

The theme for the Saskatchewan Libraries Conference 2022 is **Libraries Rise Above,** which reflects the innovation, flexibility and resilience of libraries to meet their communities' evolving needs. Libraries are a flexible, resilient, constantly evolving force that rises to meet community needs especially in the areas of life-long learning, innovation, social connection, and economic well-being of our province.

We are excited to welcome Tomson Highway as our keynote speaker. A member of the Order of Canada, playwright, novelist, pianist and songwriter, Tomson Highway will provide an inspiring opening to the conference.

This year the Saskatchewan Library Trustees Association, the Saskatchewan Health Library Association and CASL will hold annual meetings in conjunction with the conference.

The Call for Session Proposals is out and we encourage you to submit a proposal highlighting a development in your library.
Please submit proposals here:
