Fall is coming quickly and we are ready to start our recruitment campaign for winter (for January 2022 start date). We anticipate another large and great group of Co-op & Intern students seeking placements starting in January 2022. As always, we need (and really appreciate) your winter Co-op and Internship jobs!

If you are interested in posting a winter Co-op and/or Internship position, send us the posting in word format to coop.office@uregina.ca

You can also post a position by following this link:

https://www.uregina.ca/careercentre/coop/for-employers/post-job.html

Given the continuing threat of COVID-19, we are encouraging our Co-op and Internship employers to continue to do interviews by phone or Zoom/Skype-call versus an in-person interview. As always, our office will help you facilitate this interviewing process every step of the way. We have a web-page that can provide you some useful information regarding recruiting and hiring students during this time:

[COVID RESOURCES](#)

Classes are still on-line for students at the University of Regina for summer 2021 but going back to in-person learning this fall. The staff at Career Education will continue to work remotely as well as in the office, to help you interview and hire our great Co-op and Internship students!

Call or e-mail us with your questions! We are here to serve all your student hiring needs!

Here is a breakdown of the students we have left for fall 2021 (starting in September);
Co-op Students (available for 4/8/12-months depending on the program)

Business - 6
Computer Science - 25
Electronic Systems Engineering - 2
Software Systems Engineering - 2
Industrial Systems Engineering - 12
