

Canadian Federation of Library Associations
Fédération canadienne des associations de bibliothèques

Dear Member,

Libraries Matter. A National Voice Matters. CFLA-FCAB Matters.

The Canadian Federation of Library Associations invites you to Winnipeg, Manitoba, for the second National Forum to be held April 7-8, 2020. The host venue is the Delta Winnipeg Hotel, 350 St Mary Avenue, Winnipeg, Manitoba.

CFLA-FCAB invites you to join the welcome reception on April 7 at the Canadian Museum for Human Rights and the National Forum on April 8. The National Forum program is designed to blend informative sessions with challenging roundtable conversations. It will carefully continue the discussion on how Canadian libraries can best apply the critical value of intellectual freedom while considering the importance of creating a welcoming space for marginalized community members. The day's outcome will be a National Forum Paper informing CFLA-FCAB's positioning.

Participate with colleagues from across Canada in focussed dialogues that will consider one of the most critical challenges facing libraries. **Contribute** towards crafting outcomes that will advance the state of libraries and the Federation.

You will find the schedule of events and registration information at:

<http://cfla-fcab.ca/en/meetings/national-forum-2020/>

The Forum follows the Manitoba Libraries Conference to be held on April 6-7, 2020 at the same venue. We are grateful to the Manitoba Library Association for their support and partnership, and encourage participants in the forum to take part in the full joint event. 2020 is the 150th anniversary of Manitoba joining Confederation and we are excited to celebrate and engage about libraries "where the rivers meet" in the heart of Winnipeg.

Choose to be a part of CFLA-FCAB's second National Forum and work together to set our future direction!
