

Greetings!

I have been enjoying the longer days and hope that you have been able to enjoy the “nicer” weather. It has been a busy year at SLA despite, or maybe because of, COVID. We are just finishing preparations for the AGM, which is on May 6. Please mark your calendars and register. This marks the time when this year’s committees are winding down their work. It doesn’t mean that the work stops, but formal committee structure winds down for the summer. Please keep an eye out later this year for an invite to join or rejoin committees of interest.

Like every year at this time, we are focused on the conference. This year, we are pleased to be working with the Manitoba Library Association to produce what is shaping up to be an amazing joint online conference. We look forward to “seeing” you there.

I would love to thank our outgoing Board members: Nicole Bergen, Amber Daigneault, and Anthony Woodward. A good portion of their time on the board was undertaken in challenging times, but their input and work were greatly appreciated.

See you at the AGM!

Regards,
Amy
