**Adult**

**1st**

Just listen  
The whispering of ghosts  
I'm here seeking sanctuary  
Awake and dreaming before I go to sleep  
I remember you  
The collector of dying breaths  
Whispering in shadows  
The unquiet dead lost  
Absent standing in another mans grave  
There you'll find me the woman in black  
See me, save me  
Silence the whispers

Krista W

**2nd**

Blink  
A grief observed  
Against the fall of night  
In search of self  
A thirst for meaning  
Fully human, fully alive  
Fully human, fully alive  
Rising strong  
A wrinkle in time

Rebecca D

**3rd**

A man rides through  
The wounded land  
Dark journey  
Over sea, under stone

Behold the man  
The eternal champion  
Pawn of prophecy

The man who fought alone  
Against all things ending  
Heart of darkness  
Swords in the mist

Monstrous regiment

In sylvan shadows

Revenge of the damned  
The dark is rising  
The demon awakens

The final nightmare  
A dark and hungry god arises  
No one here gets out alive
