Special Bulletin

## Sask Lotteries launches new look

On February 18, 2020, Sask Lotteries launched its new look featuring a fresh, new brand and visual identity. The change includes a new logo for the organization, as well as a continued pledge to provide Saskatchewan residents with a real, honest chance at winning and a guarantee of supporting communities throughout the province.

“A new brand and logo is a great opportunity to increase awareness of Sask Lotteries in this province. Proudly displaying this logo as part of all lottery-funded events and activities helps show how significant and far-reaching this fundraiser is with its support for a great diversity of local sport, culture and recreation activities throughout the province,” says James Rose, president, SaskCulture.

All funding beneficiaries are asked to use the new logo and marketing materials to recognize Sask Lotteries as the main fundraiser for sport, culture and recreation in the province. It is important that the brand refresh is executed in a responsible and cost-effective manner. Everyone is encouraged to update digital promotion over the next six months, and then take an inventory of all other logo use and update them as new materials are refreshed and ordered.

The Sask Lotteries logo files and brand guidelines are available on [SaskCulture's website](#) for easy access. SaskCulture is working on guidelines for recognition (available in the next few weeks). In the meantime, use the Sask Lotteries guidelines and/or contact SaskCulture at 306-780-9284 or email [info@saskculture.ca](mailto:info@saskculture.ca), if you have any questions about the logo change.

Sask Sport also updated its branding and information can be found at [www.sasksport.ca](http://www.sasksport.ca).
