

Trinity Episcopal Church 12th Annual Giving Fair
An Advent giving opportunity on Sunday, Dec. 5th, 9:15-10:15am
Trinity Sanctuary and Parish Hall

Trinity is sponsoring our twelve **Giving Fair** helping connect non-profit organizations serving our local community with our parishioners. This is a wonderful opportunity to honor a loved one with a donation in their name. What better gift could one give, and what more appropriate way of marking the Savior's birth than by giving to those organizations in our community who are helping so many. Each participant will present information about their organization as well as materials provided to mail donations, and/or links given for donating on-line with credit card. Please help us make this a remarkable success for these groups as well as a blessed gift of thanksgiving and love.

Participants:

The Helping Center

Trinity participated in the formation of the Helping Center combining resources with other churches and organizations in south Burnet County. The mission of The Helping Center of Marble Falls is to assist residents throughout southern Burnet County by providing food in ecumenical Christian service in the name of Jesus Christ. We also provide assistance with utilities, transportation, medical needs, and shelter on a limited basis. The Helping Center provides food and emergency help for low-income individuals. Trinity refers all requests for such assistance to the Helping Center where the staff verifies the needs of the person asking for help. Parishioners donate food each month (third Sunday of every month) and financial gifts. The Helping Center's new facility next to the Community Resource Center opened in January 2021 and this new facility has enabled them to deliver food more effectively and efficiently as well as connect those they serve with additional resources to meet their needs. www.helpingcenter.org

CASA for the Highland Lakes Area

CASA for the Highland Lakes Area is a nonprofit with a mission of recruiting, training, and supporting volunteers from our local communities to serve as advocates for children who have been removed from their families due to abuse and neglect. These children are served by the volunteer advocates who get to know the child and their overall situation. Our volunteers interact with the child's caregivers, parents, therapists, psychologists, CPS worker and others involved in the child's life. Then, based on the information gathered, the volunteer helps the Court determine what long-term plan is best for that child. CASA depends on the generosity of our volunteers and of supporters who donate their time, talent, and treasure to CASA. Without support from people in each one of these areas our organization could not successfully continue to serve 100% of the children who enter the foster care system from the five counties of Blanco, Burnet, Lampasas, Llano and San Saba. www.highlandlakescasa.com
