Join us for interactive conversations about the Navarro County TX-PACE program. Learn how Texas Property Assessed Clean Energy (TX-PACE) is lowering operating costs and financing energy efficiency, water conservation, distributed generation, and resilience upgrades in Navarro County and across the state.

The **TX-PACE Service Provider Training Workshop** is a unique opportunity for contractors, architects, engineers, and property or facilities managers to learn about how the PACE financing mechanism can benefit Navarro County businesses. The property owners, who are your customers, now have a viable long term, 100% financing mechanism for permanent energy and water efficiency upgrades. Learn how to design a successful PACE project that enables your customers to upgrade their properties and use the energy and water savings to pay for the projects.

The **Local Lenders' TX-PACE Workshop** provides property owners, local banks and credit unions a detailed analysis of the Navarro County PACE program and how local lenders can take advantage of this program to assist their customers and attract others. Learn the details of how and why Frontier Bank financed the first Texas bank funded PACE project in Elgin, Texas, and how you can participate in creating economy for your community and your institution.
