

2025 Neuropsychopharmacology Senior Editors

Lisa Monteggia, Ph.D.
(Co-Principal Editor: NPP)

Non-human species, neurodevelopment, stress, depression, molecular and cellular neuroscience, electrophysiology

Tony George, M.D.
(Co-Principal Editor: NPP)
Humans: addiction, bipolar disorder, depression, schizophrenia; cognition, neuromodulation

Carolyn Rodriguez, M.D., Ph.D.
(Co-NPPR Deputy Editor)
Co-manages manuscripts for the NPPR issue. Mechanistic clinical studies of OCD and related disorders

Charles Zorumski, M.D.
(Co-NPPR Deputy Editor)
Co-manages manuscripts for the NPPR issue. Preclinical studies of hippocampal plasticity and metaplasticity

Arpana Agrawal, Ph.D.
(Incoming Associate Editor: NPP)
Human psychiatric and addiction genetics, genomics, transcriptomics, multi-omics

Susanne Ahmari, M.D., Ph.D.
(Associate Editor: NPP)
Humans and/or non-human species: conditions involving dysregulation of cortical and striatal circuits, OCD and related disorders, decision making, executive function

Arthur Brody, M.D.
(Associate Editor: NPP)
Humans: addiction, anxiety, depression, brain imaging, treatment

Ziva Cooper, Ph.D.
(Associate Editor: NPP)
Human psychopharmacology, clinical trials; Substance use disorders

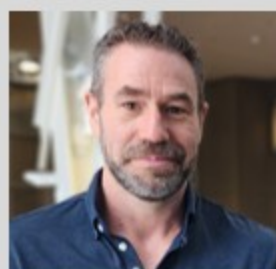

Kathryn Cunningham, Ph.D.
(Associate Editor: NPPR)
Manages Hot Topics manuscripts for the NPPR issue. Translating cellular and circuit mechanisms into therapeutics for phenotypic drivers of substance use disorders

Stan Floresco, Ph.D.
(Associate Editor: NPP)
Non-human species: decision-making, executive function, dysregulation of corticolimbic circuits; behavioral and electrophysiology methods

Markus Heilig, M.D., Ph.D.
(Associate Editor: NPP)
Humans and/or non-human species: addiction, alcohol, cannabinoids, opioids; therapeutics development

Matthew Hill, Ph.D.
(Associate Editor: NPP)
Non-human species; stress; fear and anxiety; learning; cannabinoids; neuropharmacology; behavioral methods; animal models of psychiatric disease

Leah Mayo, Ph.D.
(Social Media Editor)
Manages NPP social media. Humans: psychedelics, cannabinoids, stress, trauma, substance use disorders

Yavin Shaham, Ph.D.
(Associate Editor: NPP)
Non-human species: addiction, food reward, social behavior; behavioral methods
