

## Place Your Destination in Front of Buyers

*Reach of 20,000 domestic buyers*

One of the most effective ways to promote your destination is through the annual Travel South Tour Planner. The 2017 edition will be more than 60-pages and is channeled to more than 20,000 domestic and Canadian buyers. Add in digital and the reach is 32,500. Also, Travel South USA uses this as our fulfillment piece throughout the entirety of 2017. Availability is limited and closes December 1.
