

COLLABORATIVE LEARNING TEAMS

Reflection Tool

Work with your team to reflect on the questions below. Begin by responding to each question individually. Then, come together as a group to discuss your responses and identify common themes or insights. Once your reflection is complete, collaborate to create a set of action steps that will strengthen your Collaborative Learning Team (CLT) in the upcoming school year.

Reflection Question	Your Reflection	Your Action Plan
Did we communicate and support each other effectively?		
How can we better support each other next year?		
Did our work lead to measurable student growth?		
What actions or shifts are needed to improve results?		
Were our processes and tools efficient and purposeful?		
How did collaboration help us grow as educators?
