

You can access Candid's Foundation Directory Online through CNE by clicking [here](#). This link will provide you with off-site access to [FDO Essential](#) Day Pass, as opposed to FDO Professional which can only be accessed from our office (once we reopen). **Please see below for information on the Day Pass, as this is a new type of access.**

The day pass works like this: you land on the FDO login page where you'll be asked to create an account, which you can use each time you log in. **The day pass allows you to use FDO Essential remotely in a 24-hour window.** There is a clock at the top of the screen that will tell you how much time remains in the pass. After the 24 hours, the clock will show the next date on which you can activate a new pass (every 30 days).

Since you'll be able to create individual accounts in FDO Essential, it means you will have access to the MyFDO features that were not previously available. **You will now be able to create dashboards and save searches and return to them each time you activate a new pass.**

For remote grant writing resources, GrantSpace has an [Intro to Finding Grants](#) short webinar, with accompanying "[Key Takeaway](#)" handout and [worksheet](#) from the webinar. You can also look at examples of successful grant proposals on GrantSpace - see [here](#). (You'll just need to create a free account to access them). GrantSpace overall has a number of free resources available, including on proposal writing.
