

Recycling Update

Did you know that you will be able to place your recyclable items such as paper items, flattened corrugated cardboard, junk mail, aluminum cans, and metal cans in either the blue or green bins? This is our first step towards simplifying recycling and transitioning to a one cart container program in the near future.

Waste Pro will be partnering with us to collect recycling after September 1, 2017.

Questions regarding Recycling please call Waste Pro at 941-355-9600.

Also after September 1, 2017, yard waste will now be collected by City of Sarasota Public Works Department staff.

Please remember to properly prepare your yard waste by placing it in a container or bundling it into 4-foot lengths or less and no more than 50 pounds. For large yard waste piles, please call the City at 941-365-7651 to arrange a special pick-up that will include a minimum charge of \$26.24.

Please note that ALL your trash, yard waste, bulk waste and recycling materials will remain on the same collection date. Please continue to make sure those items are at the curb by 7:00 am.

Thank you for doing your part by recycling properly!
