Why it matters

Florida's waterways are the heartbeat of our lifestyle and economy. They are where memories are made — from sunrise fishing trips to sunset beach strolls. But these beautiful places need our help.

Each year, Realtors®, partners, families, and friends unite to:

Remove tons of trash from lakes, streams, bays, the Intracoastal Waterway and our oceans

Restore the natural beauty that draws people to live and visit here

Protect wildlife habitat and improve water quality for all to enjoy
