

**Your landscape
supply chain partner...**

Making it work.

2021 Landscape Distribution Center Catalog

www.ManorView.com
Monkton, MD 410-771-4700

Welcome to Manor View Farm

2020. It was more than just a year. It was a new way of life and certainly a new way of doing business. While our industry was fortunate that we did not have to shut down, we were faced with many challenges that were new to all of us. We have all had to adapt and learn new ways to operate under new constraints, both in our offices, our nurseries, our delivery systems and on job sites. Labor shortages, product availability, inventory management and delivery logistics have wreaked havoc on any kind of regular schedules. Despite all of these challenges, our industry has continued to grow. There has been a surge in the interest in gardening, as many people were introduced to plants for the first time, thereby discovering the therapeutic benefits to both body and mind. We all became better problem solvers and found ways to make it work. At Manor View, we have upgraded our delivery fleet with more truck and trailer combinations to be even more flexible and also upgraded the technology to make scheduling more efficient and accurate. We have added new suppliers that give us increased flexibility to source material quicker and make just in time inventory a reality. We have streamlined our order pickup system with call ahead ordering that greatly reduces your amount of time on the road. We have upgraded our technology systems to make our service faster and more responsive to your needs, all with the end goal of making your life easier.

So despite all the challenges and hardships we have endured, we still find ourselves in a wonderful industry with a bright future. We are a great contributor to our national economy. Hopefully, we are a little wiser and more innovative than before. To support our industry, we encourage all of our team members to get involved and support industry organizations. Kevin Clark is on the Board of Directors of the Baltimore County Farm Bureau, Brian Mitchell is on the Board of the MNLGA, and Alan Jones continues to work on the Board of Trustees for Horticultural Research Institute (HRI) and the American Landscape Institute (ALI). As always, Alan continues to be one of the industry leaders in the fight in all levels of government for a workable seasonal worker visa program.

We are proud to be an active member of the recently formed American Landscape Institute (ALI). This is a Baltimore County, Md. group that is working with the Community College of Baltimore County, landscape contractors and nurseries to offer horticultural education through a European style apprenticeship program. Participants work four days a week and attend college classes one day a week. We continue to urge and encourage employer participation in this program and to attend high school career events to promote the fact that our industry does offer rewarding career opportunities. There are few industries that can offer the benefits to the economy, our environment and our personal health and well being as this.

We are excited to continue our relationship with Landscape Hub, an on-line marketplace for wholesale plant material. It is opening new opportunities for expanding our supply chain capabilities. Our buyers and Sales Associates are becoming even more resourceful at meeting your needs in today's ever tightening time constraints. While we are using more technology and a wider network of suppliers, we still rely heavily on the long term relationships we have formed with most of our long time suppliers. Even in these times of dwindling availabilities, we will do our best to get what you need or offer the best substitutions. 2021 will no doubt present tougher challenges than ever, both in material sourcing and logistics. All of our efforts have gone into providing you with a service that will make your life easier. Dependable, on time delivery to any job site at any time of day or night is no problem. Just ask us about some of the unique sites and circumstances that our drivers have encountered. The bottom line is - **We will do whatever it takes to make your landscape project successful and profitable.**

The entire Manor View team appreciates and values your business, your trust, and your loyalty. Please challenge us to make you even more successful in 2021.

General Information:

Wholesale to the Trade Only
15601 Manor Road, Monkton, Maryland 21111
Telephone: 410-771-4700 * Fax: 410-771-8246
Toll free fax: 888-718-8246
(Directions and a map are shown on page 6)

Business Hours:

Monday through Friday - 7:30 a.m. till 4:00 p.m.

Please visit us at the following virtual events:

MANTS—January 6-8, 2021
MVF Educational Seminar—February 26, 2021

Delivery:

Delivery service is available using our own fleet of Manor View trucks. Delivery cost is based on a percentage of the cost of the order. All rates are subject to change. Customers are required to supply necessary labor and equipment to unload. Call our Delivery Coordinator, Dana DeVera, for additional information.

Our Core Values

Integrity - Honesty - Leadership - Innovation

The Manor View Value Proposition

For those who appreciate a partnership that complements your professionalism, Manor View offers a reliable and flexible delivery service that allows your team to be more efficient and reduces the anxiety of plant procurement, allowing you to do what you do best - design, install and make your clients' landscapes stunning.

New for 2021 - MOBILE ORDERS

You can now submit your orders online!

Our new Mobile Orders site is now live:

- Browse updated photos of real, above ground, ready to purchase inventory
- View our wholesale yard availability online with real-time updates
- Use the built-in catalog information to select the right plant for your job - height, spread, flower, zone, exposure, fall color, etc.
- Place your orders with requested delivery/pick-up date and P.O. information
- Instantly view/download order acknowledgements from current and previously submitted online orders
- Submit orders anytime of day or night and secure your plant material when you need it

Visit our website for more information or simply log in or sign-up at <https://apps.sbiteam.com/orders/?cid=100074>

Field Grown Material:

Manor View Farm has over 85 acres in field production. We currently have over 250 varieties of shade and flowering trees, evergreens, conifers and shrubs. Many of these are hard to find varieties in specimen sizes. We invite you to come and personally select your plants in the field or you may choose from pre-dug stock in our horticultural distribution center.

If you have not visited us recently, plan to visit soon. VISITS BY APPOINTMENT ONLY!

Tagging Material

Plant material will be held for five (5) business days only!

If tagged material is not picked up within five business days, the plants will be untagged and sold. Customers will not be called when their orders are untagged or sold. In the case of extenuating circumstances, a longer holding period can be arranged at our discretion at the time of tagging.

Catalog Codes:

indicates size of container
MS indicates multi-stem
TF indicates treeform
PP indicates peat pot
FG indicates plants that are field grown and containerized with potting mix added.
ESP indicates espalier
FL indicates flat
SS indicates single stem

Contractors and architects must accompany their customers to inspect plant material at the nursery. Please do not send your customers unaccompanied.

Children and pets are not allowed in the nursery.

We reserve the right to refuse loading material into inappropriate vehicles. This includes putting B&B material into cars, vans and SUV's.

All prices and availability are subject to change without notice.

• These plants and/or cultivars are native to the Chesapeake Bay Watershed

These plants and/or cultivars are host and/or nectar plants for pollinators

Extra stakes

Tree chain, 1" - 100', 1/2" - 250'

Arbor Rain Bag 20 gal.
Arbor Rain Bag 32 gal.
Tree stakes, hardwood, 6'
Tree wire, 50', 12 gauge
100', 14 gauge

Bulldog Tarps (Larger sizes available by special order)

6' x 8'
 8' x 10'
 10' x 12'
 12' x 14'

Landscape Stone

1-3" River Jack per yard

Mulch (regular hardwood and black) per yard

Sifted Soil (Top Soil) per yard

Stone Dust per yard

Concrete Sand per yard

LeafGro - 1.5 cubic foot bag

Mulch - 3 cubic foot bag

Bio-Plex 5 in 1 Complete Planting Granules

Assorted Hand Tools Available by Special Order

Glossary of Common Names

Common Name	Botanical Name	Common Name	Botanical Name
Abelia	Abelia	Bush-Honeysuckle	Diervilla
Alaskan Cedar	Chamaecyparis nootkatensis	Butterfly Bush	Buddleia
Andromeda	Pieris	Camellia	Camellia
Arborvitae	Thuja	Cedar	Cedrus, Juniperus virg.
Arrowwood	Viburnum dentatum	Chaste tree	Vitex
Ash	Fraxinus	Cherry Laurel	Prunus laurocerasus
Aucuba	Aucuba	Cherry tree	Prunus
Azalea	Azalea/Rhododendron	Chokeberry	Aronia
Autumn Olive	Eleagnus	Cornelian Cherry	Cornus mas
Bald Cypress	Taxodium	Cotoneaster	Cotoneaster
Barberry	Berberis	Crabapple	Malus
Bayberry	Myrica	Crapemyrtle	Lagerstroemia
Bearberry	Arctostaphylos	Cypress	Chamaecyparis, Cupressocyparis
Beautyberry	Callicarpa	Dawn Redwood	Metasequoia
Beech	Fagus	Deutzia	Deutzia
Birch	Betula	Disanthus	Disanthus
Black Gum	Nyssa	Dogwood	Cornus
Bluebeard	Caryopteris	Douglas Fir	Pseudotsuga
Blueberry	Vaccinium	Elm	Ulmus
Boxwood	Buxus	English Laurel	Prunus laurocerasus
Buckeye	Aesculus	Feather Reed Grass	Calamagrostis
Burning Bush	Euonymus	Forsythia	Forsythia

Glossary of Common Names

<u>Common Name</u>	<u>Botanical Name</u>	<u>Common Name</u>	<u>Botanical Name</u>
Franklinia	Franklinia	Red Tip Photinia	Photinia x fraseri
Fringe tree	Chionanthus	Redtwig Dogwood	Cornus alba, C. sericea
Goldenraintree	Koelreuteria	Redbud	Cercis
Harry Lauder's Walking Stick	Corylus avellana 'Contorta'	Rhododendron	Rhododendron/Azalea
Hawthorn	Crataegus	Rose	Rosa
Heath	Erica	Rose-of-Sharon	Hibiscus
Heather	Calluna	Russian Olive	Eleagnus
Heavenly Bamboo	Nandina	St. John's Wort	Hypericum
Hemlock	Tsuga	Scholar tree	Sophora
Hinoki Cypress	Chamaecyparis obtusa	Scotch Broom	Cytisus
Holly	Ilex	Serviceberry	Amelanchier
Honeylocust	Gleditsia	Seven-son Flower	Heptacodium
Hornbeam	Carpinus	Siberian Cypress	Microbiota
Hydrangea	Hydrangea	Silverbell	Halesia
Inkberry	Ilex glabra	Skimmia	Skimmia
Japanese Cedar	Cryptomeria	Skip Laurel	Prunus laurocerasus 'Schipkaensis'
Juniper	Juniperus	Smoke tree	Cotinus
Katsura	Cercidiphyllum	Snowbell	Styrax
Kerria	Kerria	Sourwood	Oxydendrum
Leucothoe	Leucothoe	Spicebush	Lindera
Leyland Cypress	Cupressocyparis	Spirea	Spiraea
Lilac	Syringa	Spruce	Picea
Linden	Tilia	Stephanandra	Stephanandra
London Plane Tree	Platanus acerifolia	Stewartia	Stewartia
Magnolia	Magnolia	Sumac	Rhus
Maidenhair tree	Ginkgo	Summersweet	Clethra
Maple	Acer	Sweetbay	Magnolia virginiana
Mock Orange	Philadelphus	Sweet Gum	Liquidambar
Mountain Ash	Sorbus	Sweetshrub	Calycanthus
Mountain Laurel	Kalmia	Sweetspire	Itea
Ninebark	Physocarpus	Tulip Poplar, Tuliptree	Liriodendron
Oak	Quercus	Viburnum	Viburnum
Oregon Grape Holly	Mahonia	Weigela	Weigela
Otto Luyken	Prunus laurocerasus	Willow	Salix
Pawpaw	Asimina triloba	Winterberry	Ilex verticillata
Pear tree	Pyrus	Winterhazel	Corylopsis
Pine	Pinus	Wisteria	Wisteria
Plum	Prunus	Witch Alder	Fothergilla
Plum Yew	Cephalotaxus	Witch Hazel	Hamamelis
Privet	Ligustrum	Yellowwood	Cladrastis
Quince	Chaenomeles	Yew	Taxus
Red Cedar	Juniperus virginiana		

The American Landscape Institute (ALI), in partnership with the Community College of Baltimore County (CCBC), is offering a 2-year, college tuition paid program for high school graduates. The Institute is a first-of-its-kind training and development program for the Horticulture and landscape industry.

The owners of leading Baltimore area landscape and nursery companies have come together to offer jobs for students to gain hands-on field experience AND receive an 80% scholarship from their employer for a quality education from CCBC.

Program graduates will earn 39 college credits and a 2 Year Certificate in Landscape Design and Installation. Student trainees will work 4 days per week for a leading Baltimore area landscape, garden center or nursery company and will attend Horticulture classes at CCBC each Friday.

Program courses: Landscape Construction, Installation and Maintenance, Soils and Fertilizers, Introduction to Sustainable Horticulture, Integrated Pest Management, Woody Ornamentals I and II, Herbaceous Plant Materials, Turf Management, Computer and Basics Graphics, Plant Propagation, Sustainable Landscape Planning, Fundamentals of Communications, and Residential Forestry (Pruning)

Visit the ALI website for more information: www.americanlandscapeinstitute.com

Volume Discount Program:

To reward our customers for their continuing business and loyalty, Manor View Farm, Inc. has instituted a volume discount program. Discount levels are based on the previous year's purchases. Hardgoods and net priced items will count toward the total volume, but are not subject to discount. Past due balances are not eligible for discounts.

Volume discount will be added to quantity rates, but cash discounts will not. All accounts will be evaluated at the end of each calendar year.

Discount Levels:

\$25,000 - \$50,000	7%
\$50,000 - \$100,000	10%
\$100,000 - \$150,000	15%
Over \$150,000	17.5%

Quantity Discounts:

10% off per variety, per size
 quantity of 10+ on trees
 quantity of 25+ on shrubs

ALL PLANTS MUST BE TAKEN AT ONE TIME TO QUALIFY.

Terms and Conditions of Sale:

Terms of Payment: We accept cash, Visa, Discover, American Express, Mastercard, and company checks with proper identification.

1. We accept Visa, Discover, American Express and Mastercard, however effective January 1, 2016, a combined annual limit on all credit cards is not to exceed \$30,000. We will add a 2% fee on all accounts above the limit.
2. We also accept cash and company checks with proper identification. A \$30 fee will be charged for any returned check. Those customers paying at time of purchase using cash or check will receive a 5% discount. There are no discounts for hardgoods.
3. For customers with established good credit, we offer terms of net 30 days from date of invoice and pickup. Late charges of 1.5% per month will be charged on all overdue balances. Any account showing a balance of 60 days or more will be handled on a C.O.D. basis with no discounts allowed. Payments on the balance must be made to continue purchasing material.

Sales Tax:

Maryland Sales Tax of 6% will be charged on all orders within Maryland unless your Maryland Sales Tax number is supplied to us prior to purchase.

Our Only Guarantee:

We guarantee plant material to be properly identified, properly handled and in good health at the time of sale.

Return Policy:

It is not our policy to accept returned items. Under special circumstances, some items may be accepted for return, but a 15% restocking fee will be charged. No returned plant material will be accepted after 48 hours of sale under any conditions.

Disclaimer:

THE FOREGOING WARRANTY IS EXCLUSIVE, AND WE HEREBY DISCLAIM AND EXCLUDE ALL OTHER WARRANTIES, WRITTEN OR ORAL, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IN NO EVENT SHALL WE BE LIABLE FOR ANY DIRECT, INDIRECT, SPECIAL INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOSS OR PROFITS) WHETHER BASED ON CONTRACT, TORT, OR ANY OTHER LEGAL THEORY. IN NO EVENT SHALL WE BE LIABLE FOR ANY SUM GREATER THAN THE ORIGINAL PURCHASE PRICE.

ALL PRICES AND AVAILABILITY ARE SUBJECT TO CHANGE WITHOUT NOTICE! THIS LIST CANCELS ALL PREVIOUS LISTS.

Directions to Manor View Farm:

From WASHINGTON and points SOUTH OF BALTIMORE: Take 95 north to 695 west toward Towson to exit 27B (Route 146 north). Follow Route 146N over the reservoir bridge. At end of bridge is a fork and a traffic light. Take the left fork and stay on Route 146N. Follow Route 146N three (3) miles into town of Jacksonville. Turn left at the light at the intersection onto Paper Mill Road. Follow Paper Mill Road one (1) mile and turn right onto Old York Road. Follow Old York Road three (3) miles to stop sign. Turn left, go 100 feet, turn right into the driveway.

From points WEST OF BALTIMORE: Take Route 70 east to 695 north toward Towson. Take exit 27B (Route 146 north) and follow three (3) miles to reservoir bridge. At end of bridge is a fork and a traffic light. Take the left fork and stay on Route 146N. Follow Route 146N three (3) miles into town of Jacksonville. Turn left at the light at the intersection onto Paper Mill Road. Follow Paper Mill Road one (1) mile and turn right onto Old York Road. Follow Old York Road three (3) miles to stop sign. Turn left, go 100 feet, turn right into the driveway.

From PENNSYLVANIA: Take Route 83 south to exit 36 (Route 439 east) toward Bel Air. Go to end (8 miles) to stop sign. Turn right onto Route 23 and go 3-4 miles to four-way flashing stop light in town of Madonna. Turn right onto Route 146 south and go 7 miles to Manor Road. Turn right onto Manor Road and go one and a half (1.5) miles. Manor View Farm will be on the right at the intersection of Old York and Manor Roads.

From DELAWARE AND NEW JERSEY: Take Route 95 south to exit 74 (Route 152 north). Follow Route 152 north for 13 miles to Hess Road. Turn left on Hess Road and follow one (1) mile to stop light. Turn left at the light onto Route 146 south. Go two (2) miles to Manor Road. Turn right onto Manor Road. Go one (1.5) miles and Manor View Farm will be on the right at the intersection of Old York and Manor Roads.

Please note that GPS is not always accurate and may take you past our address, therefore please follow the written directions.

BEE Friendly Pollinators in the Landscape

What a great opportunity the landscape industry has to sell the benefits of a well designed landscape. It is well known that a diverse landscape benefits the environment vital to pollinators, birds and other wildlife as well as creating a great place for people to enjoy.

In recent years there has been a lot of discussion about the decline in bee and pollinating insect populations. While on-going research seems to indicate that there is no one single cause for this decline, there is evidence that changes in some of our industry practices will help increase the population.

In 2014 The Horticultural Research Institute established a "Horticultural Industry Bee & Pollinator Stewardship Initiative" and in 2015 funded four key projects in support of that initiative.

Another new initiative urges Americans to create 1 million pollinator gardens by the end of 2016. Landscape contractors, designers and landscape architects should be playing a major role in achieving this goal. We are after all, the original "Green Industry". Founded in June 2015, the National Pollinator Garden Network (NPNNG) launched a nationwide campaign - the Million Pollinator Garden Challenge. The challenge is to add one million additional pollinator gardens by the end of 2016.

Find information on how to get involved, what to plant, why it's important and a list of all partner organizations at MillionPollinatorGardens.org.

Every habitat of every size counts, from window boxes, patio planters, small back yard gardens and landscaped gardens to farms, golf courses, school gardens, corporate and university campuses. All spaces where people live, work and play can, with the correct planting, offer essential food and shelter for pollinators.

"This effort focuses on creating habitat for pollinators. It's a critical undertaking because 80 percent of all plant species require pollination. This is not just an environmental nicety, it's an economic necessity" said Collin O'Mara, president and CEO of the National Wildlife Federation.

"Bearing in mind that the challenge urges gardens of all sizes, from window box or patio planters to large-scale landscapes, this is a great opportunity for our growers, garden retailers and landscape professionals who have or develop the expertise to design gardens that offer season-long pollen and nectar sources" said Craig Regelbrugge, senior vice president of Industry Advocacy & Research at AmericanHort.

Woody plants and perennials both play a role.

While there is more publicity about perennials that offer pollen and nectar sources, trees and shrubs play an equally important part of nature's critical life cycle. Many woody plants, as well as perennials, are food sources for the larval stage of our beloved butterflies and moths.

Native and non-native plants can be good for bee-friendly landscapes.

A recent study by the University of Illinois - Chicago found that neighborhoods with the highest floral diversity have the greatest abundance of bees and the greatest richness/diversity of bees. Yards with turf had fewer bees than yards with flower gardens.

As you are designing, be aware of the host plants necessary to attract many of these insects. Pollen and nectar plants only solve half of the problem. Without host plants, many insects will not successfully reproduce.
