The first session (Jan. 14th) will be to introduce the student to the basic techniques of carving and caring for the narcissus bulb. A handout (which shows the basic technique of carving and caring for the narcissus bulb) and a carved bulb will be given to each student on the first day. ADVANCED WORKSHOP (4 sessions) (Cost: \$25.00):

For the **ADVANCE WORKSHOP**, participants will have a 4 session workshop which begins on Jan. 14th. Dorinda Won and Dale White will be assisting and providing help to this group. They plan to have a few carving projects that participants may work on or some may wish to work on an independent project. This workshop is for former students or those who have a good understanding of carving and caring for the narcissus bulb, and are able to work independently. It will offer an opportunity to carve, discuss, share ideas and ask questions. Students may bring in their own carving project(s) or participate in one of the proposed workshop projects. In order to enhance your experience, please identify the area(s) that you would like to work on in the workshop and/or any carving project that you would like to attempt. We would like to have some volunteers from this group to demonstrate the basics of carving to the Church group on Sunday morning, Feb 12th (time to be announced)
