

ADDICTION AWARENESS & RESPONSE WORKSHOPS

All are welcome!

Date: Saturday, May 17, 2025

Time: 10:00 AM - 11:30 AM

Location: Seabury Hall, 480 Olinda Rd, Makawao, Maui

Introduction

In the “Ministration to the Sick” liturgy of the prayerbook, God is referred to as the “giver of health and salvation.” While the Church may excel at proclaiming salvation, we are also called to promote our people’s overall health – mental, spiritual, and physical.

The Episcopal Church has a long history of collaboration with twelve-step programs. However, this connection can sometimes feel disconnected from the worshipping community and the broader resources available to promote healthy individuals, a healthy Church, and a healthy community.

About the Speaker

The Rev. Dcn Bill Heran, a transitional deacon, brings the perfect combination of background, training, and teaching style to guide us in this endeavor. This in-person workshop will take place on each island, fostering a more profound and impactful learning experience.

Workshop Highlights

Join us for a transformative session on:

- **Understanding Addiction:** Recognize signs of addictive use disorders.
- **Supporting Families:** Learn ways to assist family members of individuals with active addiction.
- **Creating Healthy Congregations:** Build congregational awareness and responses to addiction within the community.

- **Resources for Recovery:** Explore treatment options, current literature, and strategies for aftercare.

Why Attend?

Addiction remains a major medical, psychological, and spiritual crisis in our society. This workshop equips us to:

- Better understand addiction's impact on personal, interpersonal, and spiritual lives.
- Foster healthier communities of faith and support.
- Build bridges between the Church and the resources necessary for comprehensive healing.

Don't miss this opportunity to deepen your understanding and make a difference!
