

# Workforce Development

## Exposure Initiative.

UMI created a masonry exposure initiative to introduce masonry back into the construction trades classrooms at the various BOCES/CTE Centers within Bricklayers Allied Craftworkers Local No. 2 area. The curriculum was created with UMI and Local 2. It is broken down into two levels, Level 1 - Juniors (first year), Level 2- Seniors (2nd year) It is all about exposing and not necessarily training. We want the kids to understand the fundamentals and basics when the week is complete.

### Overview:

#### 1 week | Level 1 & Level 2 Curriculum

- UMI provides Instructor
- Tools - Everything from Trowels to Masons pencil
- Materials - Donated brick and block by various producers/distributors and Training mortar
- Days 1-5 All Hands on.
