

## 2024 Match Play League

Match play is a FUN competitive golf format for all skill levels where one or two players are matched against each other head-to-head rather than against an entire field of competitors. Each hole is contested independently and the player/players who win the most holes out of the those played is deemed to have won the match. For those who have not played match play format or would like a refresher, please be sure to register for and attend the **Match Play Rules education session on April 30**.

This league is open to any chapter member with an established USGA handicap index not to exceed 40.4. (Members with an index over 40.4 may play but must use 40.4 when computing course handicap.) We will be playing singles, two-person best ball, and two-person alternate stroke. To allow greater flexibility and variety in pairings and ensure the best matches within the required handicap index range, league coordinators will select the partners for each round.

The prize fund is included in your \$10 registration fee for the league and prizes will be awarded after the final event. Register at <http://www.lpgaamateurssacramento.com/>. **After registering for the league, sign up online for the date of each outing you are available to play on GolfGenius.com using GGID: 2024MATCHPLAYLEAGUE.** You are not required to play on all of the dates, but the more you play, the greater your total points will likely be! The courses for each round require one-payment from the group, which means **prepay\* is required for each round**.
