## 2022 Match Play League

Register for the league using the link at [www.golfgenius.com/ggid/2022matchplayleague/register](http://www.golfgenius.com/ggid/2022matchplayleague/register)

Match play is a FUN competitive golf format for all skill levels where one or two players are matched against each other head to head rather than against an entire field of competitors. Each hole is contested independently and the player/players who win the most holes out of the those played is deemed to have won the match.

This league is open to any chapter member with an established USGA handicap index not to exceed 40.4. (Members with an index over 40.4 may play but must use 40.4 when computing course handicap.)

We will be playing singles, two-person best ball, and alternate stroke. You may sign up with a partner at the beginning of the league and will be paired together. Please note that your index should be no more than 7 points difference. If you do not have a partner, the coordinator will do their best to match you with another player in the required index range.

The prize fund is included in your \$10 registration fee for the league and prizes will be awarded after the final event. Register at [www.golfgenius.com/ggid/2022matchplayleague/register](http://www.golfgenius.com/ggid/2022matchplayleague/register). **After registering for the league, you must sign up online for the date of each outing you are available to play. You are not required to play on all of the dates.** Each golfer will pay individually at the course on the day of the event, except where **prepay** is required. Courses, starting tee times and costs are listed below.
