

What a day at Turkey Creek on Saturday! We had a bit of every random event which might occur all happened on the same day – lost cell phone, cell phone ran over by a cart, questionable beverage cart behavior, forgotten cancellations, and cancellations from 2022 resurfaced. Whew!

I was a bit frazzled, overwhelmed, and discouraged. And last night while reflecting on the days events, despite all of the above, I realized a thousand things went right. I'm sending a heartfelt "thank you" for:

- All those who showed up at the first tee with a smile and eager to learn the "game" of the day and enjoy a sunny day with playing partners.
- Theresa Garcia for the usual hug which comes close to cracking a rib.
- Marian Kubiak (and Lori) for going above and beyond in scoring the game (with multiple last minute switcharoos based on necessity). Marian exceeded my expectations of a volunteer and took it all in stride with a smile until the last total was computed.
- Laurie Hochmuth for loading my clubs and lunch bag and basically escorting me around the course.
- Everyone who stepped up and said "yes, I'll do mobile scoring this week".
- Everyone who asked me a question about a "rules issue" in an effort to continually improve their knowledge and how to play this game we love.
- My foursome who made me laugh thru all 18 holes.
- Our golfers who played with us for the first time – Cinnamon Danielson and Cindy Gray. I hope you will return often. (And thanks to Lora Lee who volunteered, in advance, to "mentor" Cindy in her first round with our club.)
- To everyone who worked hard on pace of play. The course Marshall sought me out and asked that I "thank the ladies". He reported everyone was courteous and in position making his job easy. We are welcome back.

- Everyone (and there are multiple) who look me in the eye and say “thanks” for trying to make events fun and inclusive for all.

I could go on. But to everyone (and there are many) who look me in the eye and say “thank you” for trying to be creative and make events fun and inclusive for all. You know who you are and your participation in making our club fun for all is appreciated.

As for the golf...well, it was a challenge but keep in mind we all play the same course! It is a LONG walk for those who opted to burn a few extra calories!

Just an observation, some of you won points based on partners! Luck helps!

The current leaderboard is posted under "quick links". It is far from final regarding who will be the top 10 prize winners in each flight. See you at the next TBT event!
