Match Play Rules and 9-hole Practice

If you like the excitement of the Solheim and Ryder Cup matches, then plan to play in our very own Match It Up League. It is a fun, competition where one or two players are matched against each other head to head. Each hole is contested independently and the player(s) who win the most holes out of those played is deemed to have won the match.

Get a refresher on the rules from our own NCGA Rules Certified Tournament Official, Marcia Whiting. The 45-minute session is followed by on-course practice with experienced match play members. The rules clinic is free, pay individually for golf in the pro shop.

2019 USGA Player's Edition of the Rules of Golf and our LPGA Amateurs Penalties and Options Bag Tag will be available if you don't already have them.
