

# Are you Latino? Do you have a child between the ages of 8-17 yrs?

The Familias Unidas Study  
is seeking participants

## The Project

Researchers at the University of Houston are recruiting Latino families to take an online questionnaire about experiences of stress, family communication, and feelings. This is a one-time survey that takes about 1 hour to complete during an online or in-person meeting with the study team (depending on your preference).

## You may be eligible to participate if:

- You have a child between the ages of 8-17 yrs
- Both you and your child identify as Latino
- You and your child live in the US
- You and your child understand English or Spanish
- You have an electronic device with a camera (if participating online)

## What can I get from this?

**FREE ANXIETY AND DEPRESSION SCREEN** for your child and a \$20 gift card for your time

## How do I sign up?

Scan the QR code to check if you qualify.
