### 2021 KEAGY GRANT SUPPORTS WHEELS OF FAITH

Our Wheels of Faith ministry and mission bus has been updated with improvements. The Wheels of Faith bus has been upgraded to a 2012 Ford Econoline 450 Heavy Duty 12 passenger bus with wheelchair lift. This is a newer vehicle with comfortable seats, quiet ride, clean spacious interior, heat and air conditioning for all.

In 2020 the Wheels of Faith bus made 118 trips in missional service with a total of 4745 miles driven in the sun, rain, sleet and snow taking people in need to a large variety of appointments in the Polo and Lee – Ogle County area.

The Wheels of Faith bus is available for providing local transportation to doctors and other professional appointments, grocery necessity shopping, local food pantry transportation, transport to the Ogle County Health Dept for vaccinations, transport to charitable agencies, church group activities, transport to worship services and other church events.

These transportation services are provided at no cost to the rider. This is a ministry of Wheels of Faith. Please call for a ride at 815-677-8194. This ministry is funded by missions donations designated by supporters at the church and in the community.

Mark Maginnis is our driver and manager of the Wheels of Faith bus ministry. Mark is the lead trustee at Faith United Methodist Church and volunteer audio visual technician for the church. Mark is retired from the Chicago Transit Authority where he worked in maintenance of their bus fleet. We have received many thank you notes from the people he gives rides to and also some from their grateful family members. This bus service fills a great need in Polo.
