

## **Dust Off Your DiSC Profiles and Upgrade for Free to the Catalyst Platform**

Did you, or members of your team, take Fundamentals of Leadership before June of 2020? Do you remember your DiSC style?

Cs probably know exactly where the report is and can recall details of its content. I style readers (that includes me), think we remember the style, but we know we can ask a friend who was in the program. Ds don't want to waste time searching; they would just like a copy sent to them. And the S-style leaders simply want to do the right thing.

Good news, whether you have been using the DiSC content or not, you can access and use this valuable information by upgrading yourself, or members of your team, for free to Catalyst, an immersive platform, no printed reports necessary.

Everything DiSC Workplace on Catalyst takes the Everything DiSC Workplace experience to the next level. Designed to engage everyone in building more effective relationships at work, Everything DiSC Workplace on Catalyst helps people adapt to others in real-time.
