Torrance Police Department Community Statement on Recent Federal Immigration Activity

The Torrance Police Department is aware of recent federal immigration enforcement actions in our city and throughout Los Angeles County. Consistent with California Senate Bill 54 and the principles laid out in the California Values Act, the Torrance Police Department does not participate in civil immigration enforcement and our officers do not engage in federal immigration operations. TPD also does not inquire about immigration status during calls for service, and do not assist federal agencies in civil immigration actions.

We want to assure the community that accessing Torrance Police Department services is not dependent on citizenship or immigration status. Our services are available to all who need assistance, and we are dedicated to making sure everyone feels safe and treated with respect when they interact with our officers.

Our mission remains focused on ensuring the safety and well-being of everyone in our city.
