

AUTUMN SUNSET PICNIC HIKE

A scenic landscape at sunset. In the foreground, there's a grassy field with a small, simple wooden fence. To the left, the bare branches of a tree are visible. In the middle ground, there's a large, open field with a few small buildings and a prominent white silo. The background features a range of mountains under a clear sky.

Pack a picnic dinner and head up the trail to watch the sun set over our beautiful city! This hike, led by city staff, is about 3 miles out and back with a mild incline. We'll take a break at the halfway point to eat dinner, enjoy the sunset, and take pictures.

Suggested for hikers ages 8+
