We hear you – one of the biggest challenges facing our region’s business leaders today is WORKFORCE. We believe in the strength of a robust team, and you deserve to access talent that will bring your business success, longevity and that is dedicated to your organization. Because our region’s economic future matters.

By tapping into fair chance hiring practices, you can open your business to an entirely new pool of applicants who will be loyal and dedicate themselves not just to your organization’s mission, but to your leadership. The Toledo Regional Chamber of Commerce and it’s Re-Entry Development Initiative (REDI), alongside Chamber members, are collaborating to share the best practices in fair chance hiring. Join us to hear success stories directly from local business leaders just like you and community partners who train and prepare citizens returning to the workforce to fortify and expand our region’s skilled workforce community.
