

## Open House Days Tuesday, June 19 and Thursday, June 21st 10 a.m. to 2 p.m.

Children's Discovery Center has some exciting news! We have renovated our downtown center, which will be reopening soon on the third floor at **338 North St. Clair St.** As you can see from the pictures below, this is no ordinary environment. The center features plenty of natural light, stimulating learning pods and a wonderful outdoor playground.

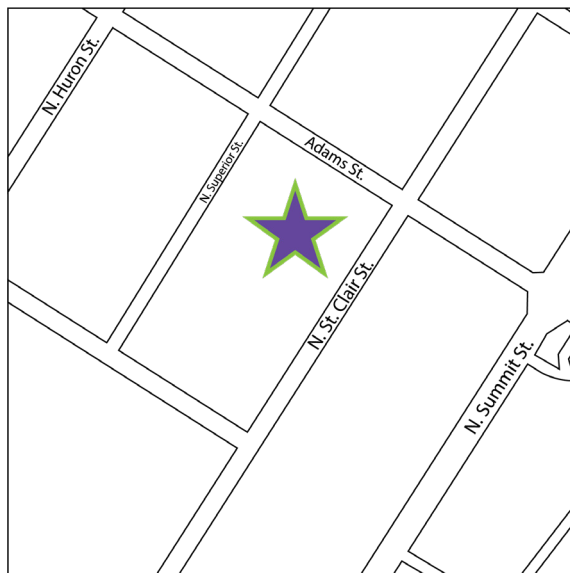

Since 1999, Children's Discovery Center has been providing early education to the downtown Toledo community. Our exceptional, nationally recognized program offers children an award-winning educational philosophy and gives parents the peace of mind that their children are in a caring and engaging learning environment.

The Children's Discovery Center features STEAM and Reggio Emilia inspired education.

We welcome you to call 419-255-4890 for more information or contact me at [atheath@childrensdiscoverycenters.com](mailto:atheath@childrensdiscoverycenters.com).

I look forward to hearing from you or seeing you at our Open House Days!

Angel Heath  
Director  
Downtown CDC

where education begins with discovery
