

# Olympia Farmers Market Composts!

## Farmers Market Vendor Compost Program

Composting helps the Market reduce waste, save money and improve our environment.

*Compost food waste, plant material, paper hand towels and napkins.*

### Steps to Success

1. Post the accepted compost flyer inside your booth for staff to see.
2. Put food waste, plant material, and hand towels in a collection container that works for you.
3. Empty into the green compost dumpster in the garbage blind as needed, and at the end of the day.

Questions? Ask Market Staff or the City of Olympia at 360.753.8752 or [sorman@ci.olympia.wa.us](mailto:sorman@ci.olympia.wa.us).

***Thank you!***

**1** Collect food waste and plant waste.

**2** Empty into green dumpster in the garbage blind.

**3** City will empty it every Monday.
