CCCIA September Newsletter

Marty McClain, EnviroStruct LLC
2019 CCCIA President

Hoping everyone a great Summer and ready to get back to work. As we all are aware, School is back in session and the increase in traffic has just begun. We are now pressing the end of the year with the fourth quarter just around the corner. This means the section process of the new CCCIA Board of Directors. Please return this information to our E.D. Bill Johnson Jr. ASAP.

Our August Dinner Meeting was once again sold out. Our speaker was Interim Building Official Stephen C. Poposki. Steve gave all of us very in-depth overview of what he feels is position involves and the importance of working as a collective team for our Great City. We are hoping to see the (Interim) removed from his title very soon.

We are anticipating yet another sell out for our September Dinner Meeting. The Round Table discussion regarding the Construction Industry is always extremely interesting. Moderator Ed Ramos has prepared an excellent set of questions to present to our roundtable. This will give you the member a unique look into how our contractors are looking ahead and what they see on the horizon. Make sure you get your reservations in as this is going to be a good one.

The CCCIA Board of Directors is currently looking at many issues regarding our industry. Executive Director Bill Johnson Jr. has formed taskforces to work with each issue head on with City Staff to get the resolutions we need for our industry. Currently the City Staff and Council are in their budget cycle and many of these meeting will continue as this process wraps up. The task force dealing with the Land Development Code, continues to work with staff & Council during the budget process to address the many issues and get resolutions.

Best Regards

Marty McClain
President
