**JUSTIN SCHWEITZER, OD, FAAO**

Dr. Justin Schweitzer specializes in advanced glaucoma, refractive surgical clinical care, and anterior segment pathology at Vance Thomason Vision, where he has practiced since 2012. He is a graduate of Pacific University College of Optometry in Forest Grove, OR. He is an Adjunct Clinical Professor at The Illinois College of Optometry and regularly lectures on glaucoma, anterior segment pathology, refractive surgical clinical care, and surgical management. He is a member of the Optometric Glaucoma Society, American Academy of Optometry, Scleral Lens Education Society, and South Dakota Optometric Society and has had multiple articles published in scientific journals.

**RON MELTON, OD, FAAO & RANDALL THOMAS, OD, FAAO**

The lecture team of Ron Melton, OD, FAAO and Randall Thomas, OD, FAAO received the “Pioneer in Optometry” recognition by the Editorial Board of Primary Care Optometry News in April 2015 for their contributions to educating ophthalmologists around the world in ocular disease. They are co-recipients of the 2014 Vincent Ellenbrock Clinician Educator Award by the American Association of Optometric Physicians for outstanding contributions to the education of future ophthalmologists. They have lectured nationally and internationally on ocular disease and surgical management at more than 1,000 continuing medical education meetings. Drs. Melton and Thomas have authored or co-authored more than 100 papers on optometry and are the co-authors of the popular annual “Clinical Guide to Ophthalmic Drugs.”

**MARC MICHELSON, MD**

Marc Michelson, M.D. is a Clinical Associate Professor of Ophthalmology at UAB and the founder of Alabama Eye & Cataract Center and Michelson Laser Vision, Inc. He received his medical degree from The University of Alabama School of Medicine and completed a residency at The Eye Foundation Hospital at UAB and a fellowship in Cornea and External Diseases of the Eye at Wills Eye Hospital in Philadelphia. He was one of the first clinical investigators for laser vision correction in the U.S. and participated in early clinical trials with the excimer laser. Ocular Surgery News named him as one of 300 Premier Surgeon Innovators in Refractive Cataract Surgery in the country. He has lectured at numerous national and international ophthalmic symposia and has been a guest surgeon in numerous countries in Europe and Asia.

**MICHAEL ROTHCHILD, OD**

Mike Rothschild, OD is founder of Leadership OD, a company dedicated to excellence in optometric practice. He is an international practice management speaker and presenter, most well-known for his innovative “Leadership Team” approach towards practice management (focusing on developing the leadership skills of staff to collectively manage the practice). He lectures frequently on team building and practice communications, and consults with practice owners in every phase of business growth, from startups to seasoned veterans.

**RÉNEE REEDER, OD, FAAO**

Dr. Rénee Reeder is a 1996 graduate of the University of Alabama at Birmingham School of Optometry and completed a residency in advanced cornea and contact lens management at Indiana University. She then joined the faculty at the Illinois College of Optometry, where she served in various leadership roles during her 21 years of service. She recently joined the faculty of the University of Pikeville’s Kentucky College of Optometry, where she is a full professor. She is a Diplomate of the Cornea and Contact Lens Section of the American Academy of Optometry and holds fellowships in the American Academy of Optometry, the British Contact Lens Association, the Scleral Lens Education Society and the International Association of Contact Lens Educators. She lectures extensively in the US and abroad on anterior segment diseases including dry eye, allergies and the ocular surface, as well as specialty contact lenses for the irregular cornea.
