

Scavenger Hunt

Scavenger Hunts are a fun way to pass the time and can be done by yourself, or with some friends, while maintaining social distance. Here are some tips to make your Scavenger Hunt more fun!

ON YOUR OWN

Simply print out one or all of the Scavenger Hunts provided, and check off all that you see.

WITH FRIENDS/NEIGHBORS

Gather a group of 2-8 friends or neighbors (virtually or maintaining social distance); assign one of the Scavenger Hunts provided; set date/time and duration of the “hunt”; share your results with your friends at someone’s driveway, maintaining your social distance. Optional—select a “white elephant” prize as the trophy.

CREATE YOUR OWN/ONLINE VIRTUAL SCAVENGER HUNT (Tech-savvy) for Friends/Family

CREATE YOUR OWN/ONLINE VIRTUAL SCAVENGER HUNT (Tech-savvy)

Here's a great app that is free for up to 3 teams. It's a great way to interact and do an activity with your friends, neighbors, and families, while remaining socially distant. You create the challenges or choose from over 400 "tasks"; instantly upload your photos/videos; and can even view the leaderboard and activity streams in real-time! Give it a try!

1. Participants should download the Goosechase app from the iPhone/Android.
2. Create an Account
3. Set up the Game
 - It is easier to set up the game from a computer. Whoever is in charge should login with their credentials and create the game.
 - Name the Game—give it something fun to entice your friends to play!
 - Create Teams
 - The free version of this app will allow up to 3 teams
 - To maximize the experience, there should be no more than 5 members of a team.
 - A member of a team, can be a couple, but must use 1 phone (i.e. for a household)
 - Name your teams— (Team A, Team B, Team C); you can always change the name to make it more fun!
 - Give each team a unique password
 - Create Missions—these are the tasks used. Depending on how long you want to play, and the difficulty of the missions, select anywhere from 10-30 missions.
 - Invite your friends to play! Give them the name of the game (step 2) or have them search for the name.
 - Have them sign up for a team:
 - Assign them a team, and provide them with the password
 - Let the group choose any team, and the players will play with random others. If choosing this as an option, you do not need a password, or just make the password the same for all 3 teams.
 - Let them know when the game starts and when it ends.
 - PLAY!
 - Watch the leaderboard and activity from the other teams—all while staying safely distant!
 - Prizes: completely optional, but how about a cocktail party or BBQ at the winner's house when we can all get together again? Maybe you select a white elephant gift as the prize. That's up to you.
 - Let us know at kathy.o'toole@fsresidential.com if you enjoyed this game. Thanks for trying!
